JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

TUESDAY, JANUARY 3, 1956—1:00 P. M.

In meeting of the Board of Supervisors, San Francisco, Tuesday, January 3, 1956, 1:00 p. m.

The Board of Supervisors met in special session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Blake, Carberry, Casey, Christopher, Dobbs, Ertola, Ferdon, Hall, McCarty, McMahan—10.

Absent: Supervisor McAteer—1.

President George Christopher presiding.

Supervisor McAteer noted present at 2:00 p. m.

SPECIAL ORDER—1:00 P. M.

By direction of the Board:

Public Hearing in Connection With Proposals for a Straight and/or Curved Embarcadero Freeway.

Statement by President.

President George Christopher suggested that since this was a special meeting of the Board, it should sit as such until the hour of 2:00 p. m., and then recess to sit as a regular Board, after which it could then recess to sit again in special session to conclude the hearings on the pending matter.

The Board now sitting as a Committee of the Whole.

Proponents.

The President announced that the hearing on the proposed Embarcadero Freeway would open with a statement from B. W. Booker, Assitant Engineer, State Division of Highways, and then proceed to others who desired to speak on the straight-line freeway.

Others who spoke in favor of a straight-line Embarcadero Freeway included the following:

Mr. Sinclair of Mr. Booker's staff; Sherman P. Duckel, Director of the Department of Public Works; Jerome Vanderburgh, M. Edelman, representing the San Francisco Hotel Industry.

Motion to Recess.

The hour of 2:00 p. m. having arrived, Supervisor Dobbs moved, seconded by Supervisor Blake, that the Board now recess, to convene as a regular Board of Supervisors.

No objection and motion *carried*.

Motion to Recess.

Supervisor Dobbs moved, seconded by Supervisor Ferdon, that the Board now recess to convene again in a special session to continue the public hearings on the proposed Embarcadero Freeway.

No objection and motion *carried*.

Proponents of Straight-Line Embarcadero Freeway.

The following were granted the privilege of the floor for the purpose of expressing their views favoring a straight-line Embarcadero Freeway:

E. Elmore Hutchison, Civil Engineer; E. V. Mills, Downtown Association; E. W. Littlefield, President of the San Francisco Chamber of Commerce; Leonard Mosias, Chairman, Bridge and Highway Section of the San Francisco Chamber of Commerce; Millard S. Bury, North Central Association; William B. Ward, George S. Hill, Central Council of Civic Clubs; Henry Budde, representing the State Board of Harbor Commissioners, who stated that his commission was not taking any sides but that it was definitely in favor of a park in front of the Ferry Building; Daniel Kline, Executive Vice-President, San Francisco Real Estate Board.

Proponents of Curved-Line Embarcadero Freeway.

The privilege of the floor was extended to the following proponents of a curved-line Embarcadero Freeway:

Mrs. Georgia McDonald started to give her version of what should be done with the Embarcadero, differing with either the straight-line or curved structure, whereupon the President requested that she desist from presenting her side until the proponents of the curved freeway had expressed theirs.

Mr. Paul T. Oppermann, Director of Planning; William Wurster, Dean of Architecture, University of California; Jerd Sullivan; Vernon DeMars and Theodore Osmundson, Architects, the latter two showed sketches and colored slides to support their contention that the aesthetic values must not be overlooked; George Lockhart; Harold Symonds; C. Mason Whitney, representing the California Association of Landscape Architects; Henry A. Boese, retired architect.

Alternate Plans.

The privilege of the floor was accorded to the following who spoke on alternate plans:

W. T. Allemann; Gilbert A. Benoit; Cleve Shaffer; Hugh A. Gallagher, who did not speak on any particular plan but did express concern with traffic to and from the docks.

Rebuttal Time.

Rebuttal time was accorded to the interested parties.

Matter Now in Hands of Board.

At the conclusion of the rebuttal, the President of the Board ruled that the matter was now in the hands of the Board.

Supervisor Ferdon was appointed President Pro Tem. to permit President Christopher to explain his position.

Supervisor Christopher stated the city could not afford to sit idly by and wait for the submission of perfect plans. The city's greatest fallacy is that decade after decade it procrastinates and is afraid to take action. He pointed out that the \$8,000,000 in gas tax funds set aside for the Embarcadero Freeway must be spent for such or else such funds will be diverted to other public projects. Further, he noted that there has been a divergence of opinion among noted architects as to which plan is the best. He concluded by saying that the Board should go on record as reaffirming its position taken some two and one-half years ago supporting a straight-line freeway and, further, the State Division of Beaches and Parks should be memorialized to include in its budget sufficient funds to assure the construction of a memorial monument and park on the Embarcadero.

Motion.

Supervisor Christopher moved that the Board memorialize the State Division of Beaches and Parks to allocate the sum of \$2,000,000 for the purpose of constructing a park at the Ferry Building.

Acting President Pro Tem. Ferdon suggested to Supervisor Christopher that action first be taken on either the curved or straight-line Embarcadero Freeway after which his motion could be considered.

Motion.

Supervisor Halley moved, seconded by Supervisor McMahan, that the Clerk be instructed to prepare in proper form a resolution reaffirming the recommendations of the State Division of Highways and the Department of Public Works of the City and County of San Francisco relative to a straight-line freeway on the Embarcadero.

No objection and motion *carried*.

Recess.

Supervisor Dobbs moved, seconded by Supervisor Carberry, that the Board recess to sit as a regular Board to consider its calendar.

No objection and motion *carried*.

The Board recessed as a Board meeting in special session at the hour of 4:00 p. m.

Approval of Journals.

The Journals of Proceedings for Monday, December 5, and Monday, December 12, 1955, were considered read and approved.

Board Sitting in Special Session.

There being no further business, and on motion by Supervisor Halley, seconded by Supervisor Ertola, and carried, the Board, at the hour of 4:45 p. m., adjourned as a regular Board, to reconvene in special session to continue discussion on the Embarcadero Freeway.

Introduction of Measure.

Supervisor Halley introduced the following measure as a recommendation of the Board sitting as a Committee of the Whole:

Adopted.

Approving Straight-Line Embarcadero Freeway.

File No. 12293-1, Resolution No. 16288 (Series of 1939).

Supervisor Halley moved adoption; seconded by Supervisor McMahan.

Discussion.

Supervisor McCarty stated he would support the straight-line freeway for the reason that what was asked by its opponents was a repudiation of Board action taken in 1953 supporting a straight-line freeway and that all the arguments advanced for a curved freeway failed to convince him that such repudiation was in order.

Supervisor Carberry expressed the fear that park funds may not be forthcoming from the State Division of Beaches and Parks.

Supervisor Blake ventured the opinion that an Embarcadero Freeway, in whatever form, would be of no help to the maritime industry.

The roll was thereupon called on the pending measure and it was *adopted* by the following vote:

Ayes: Supervisors Blake, Carberry, Casey, Christopher, Dobbs, Ertola, Ferdon, Halley, McAteer, McCarty, McMahan—11.

Supervisor Halley moved that the Board now rise and report; motion seconded by Supervisor Casey and, there being no objection, motion *carried*.

The roll was thereupon called on the measure identified as File No. 12293-1, and it was *adopted* by the following vote:

Ayes: Supervisors Blake, Carberry, Casey, Christopher, Dobbs, Ertola, Ferdon, Halley, McAteer, McCarty, McMahan—11.

The roll was thereupon called on the measure identified as File No. 12078-4, and it was *adopted* by the following vote:

Ayes: Supervisors Blake, Carberry, Casey, Christopher, Dobbs, Ertola, Ferdon, Halley, McAteer, McCarty, McMahan—11.

ADJOURNMENT.

Before the gavel was struck, President Pro Tem. Supervisor Ferdon relinquished the Chair to permit President George Christopher to rap the gavel as the President of the Board for the last time.

Statement by Various Members of the Board.

Supervisor Halley: I want to take this opportunity of congratulating the new President of the Board and the new Supervisor, Henry Rolph. I also want to say that during my term as a member of the Board of Supervisors, on the several occasions when I served as a member, and now serving as an elected member, I am proud to have been associated with the administration of Elmer Robinson, and I am certain, as time passes, his contributions to the welfare of San Francisco, that I consider good government, will make themselves felt. As a member of the Board of Supervisors, I wish to say that the program outlined by our new Mayor indicates that he is determined to give San Francisco a good administration. In that regard, each and every one of us will support him. I am sure that under Supervisor Ferdon's leadership, this Board of Supervisors will continue to function properly in the interest of good government.

Supervisor McAteer: I want to compliment all the newly reelected members of the Board, and extend my personal best wishes to our new President. I also want to welcome Henry Rolph to the Board, and I have heard many complimentary remarks about him and his family background.

Supervisor McCarty: I want to welcome Supervisor Rolph who is a member of a very prominent family. We are in receipt of the Bay Area Rapid Transit recommendations. Mayor Christopher has asked all departments to make their report and recommendations to him. There will have to be meetings of all interested parties in order to work out a mutual program. I recently made a suggestion to Mayor Christopher, as it appears to me that there are two major premises we must face: With the rapid growth of California and the Bay Area, it is obvious that the center of population in a short period of time will be in California, particularly in the bay area. It is therefore obvious that with the economic growth of San Francisco we must have bay area rapid transit, and such rapid transit

will benefit the entire state and will permit certain communities to reach their destinies. The Mayor should call upon his Legislative Representative at Sacramento and have him confer with the Assemblymen and Senator with the view of immediately conducting a study of the feasibility of the state contributing a substantial portion of the cost of construction of the bay area rapid transit facilities.

The President suggested that the County, State and National Affairs Committee be included in the picture, to which Supervisor McCarty posed no objection.

The President thereupon announced that the entire matter would be placed in the hands of the County, State and National Affairs Committee of which Supervisor Halley is the Chairman.

Supervisor McMahan stated she was happy to have been elected and to serve under the leadership of Supervisor Ferdon.

She likewise extended the hand of welcome to Supervisor Rolph.

Supervisor Rolph congratulated Supervisor Ferdon upon his election to the Presidency of the Board and thanked the members of the Board for their expressions of welcome, which he said he would always cherish.

Supervisor Carberry extended congratulation to the newly elected members of the Board, to newly appointed Supervisor Henry Rolph, and to the new President of the Board, Supervisor Ferdon.

He likewise advised of a meeting of Joint Highway District No. 10 to be held at 101 Grove Street on Thursday, January 12.

Supervisor Casey congratulated Supervisor Ferdon and newly appointed Supervisor Rolph.

ADJOURNMENT.

There being no further business, the Board, at the hour of 4:00 p. m. adjourned.

JOHN R. McGRATH, Clerk.

Approved by the Board of Supervisors January 23, 1956.

I, John R. McGrath, Clerk of the Board of Supervisors of the City and County of San Francisco, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date hereon stated and approved as recited.

Losh, Public Relations Counsel, for the purpose of fostering goodwill and cooperation between San Francisco and her neighboring counties. Discussion.

Supervisor Halley suggested that the Board be apprized of proposed bond issues as may be contemplated by various departments so that an idea may be had as to the total sum and whether the bond limit may be jeopardized, before action is taken on the pending measure.

Mr. Irving Breyer, Legal Advisor to the Board of Education, stated that while he was not officially speaking for the Board, he understood that no bond measure would be submitted at the June election by his Board.

Controller Harry Ross informed the Board that the City had on hand a total of \$98,000,000 authorized but unsold bonds.

Supervisor Halley pointed out that the Board must give some consideration to a possible bond issue in connection with the recent report of the Bay Area Rapid Transit Committee proposing a billion-dollar rapid transit system.

Both Supervisors Halley and McAteer spoke against the pending measure.

Supervisor McCarty expressed the opinion that the Board desired a separate courthouse and voiced opposition to converting the City Hall into such a building.

Mayor Christopher Called.

It was the desire of the Board to hear from the Mayor. Upon his appearance, he was granted the privilege of the floor and explained in detail the reasons motivating his request for the sum of \$20,000. He pointed to the inadequacy of the present Hall of Justice and the consequent lowering of police morale. He also called the Board's attention to the need of a new city office building which would take care of many of the agencies which are being housed in privately leased buildings, costing the city great sums of money each year. He said he always felt that a new office building was much more important than a new courts building. He likewise informed the Board that his sponsorship of the three proposed bond issues for which funds are being asked, was in fact a mandate of the people, since these issues were part of his campaign for election. He concluded by saying ". . . I was elected by the people to get things done and to stop procrastination. If you place before the Board only the Police Administration Building and a new office building and leave out the conversion of the City Hall, I can assure you that they are doomed to complete failure."

The Chief Administrative Officer assured the members of the Board that the studies required by the three proposed bond issues would be completed in time for the June election, since a great deal of material had been compiled since 1952.

Motion to Reduce Appropriation.

Supervisor Halley moved, seconded by Supervisor McAteer, that the appropriation of \$20,000 be reduced to \$10,000, for the purpose of insuring a survey of the Police Administration Building only.

Supervisor McAteer asked Mr. Brooks if \$10,000 would be sufficient

to do the work suggested, to which he suggested that the Director of Public Works be called.

Upon Mr. Duckel's arrival, the Director explained what must be done in the way of a survey, whereupon, there being no objection, Supervisor Halley withdrew his motion.

It developed during the discussion that the sum of \$10,000 would be sufficient to render a survey report on the three buildings by March 14, whereupon Supervisor McAteer moved, seconded by Supervisor Blake, that the appropriation of \$20,000 be reduced to \$10,000.

Supervisor Rolph spoke against the amendment, contending that the request made by the Mayor for \$20,000 was a mandate by the people.

Supervisor McCarty stated that in view of the information gleaned that \$10,000 would be sufficient to procure the necessary survey data by March 14, he would vote for the amendment.

The roll was thereupon called on the amendment and it *carried* by the following vote:

Ayes: Supervisors Blake, Carberry, Casey, Ertola, Halley, McAteer, McCarty—7.

Noes: Supervisors Dobbs, Ferdon, McMahan, Rolph—4.

The roll was then called on the measure, as amended, and it was *passed for second reading* by the following vote:

Ayes: Supervisors Blake, Carberry, Casey, Dobbs, Ertola, Ferdon, Halley, McAteer, McCarty, McMahan, Rolph—11.

Final Passage.

Finally Passed by the following vote:

Ayes: Supervisors Blake, Carberry, Casey, Dobbs, Ertola, Ferdon, Halley, McAteer, McCarty, McMahan, Rolph—11.

Passage for Second Reading as Amended.

The following measure from Finance Committee, with recommendation "Do Pass After Amendment," was taken up:

File No. 10394-5, Ordinance No. . . . (Series of 1939).

(Proposed amendment is as follows:

Reduce amount of appropriation from \$20,000 to \$16,000.)

Supervisor Dobbs moved the foregoing amendment; motion seconded by Supervisor McCarty.

To a query by Supervisor Halley, Thomas Blanchard, Deputy City Attorney, rendered an off-hand opinion that the foregoing expenditure was a valid one.

Supervisor Halley requested that the Clerk write the City Attorney and obtain from him a written opinion as to whether the foregoing funds constituted an expenditure in the public interest.

No objection and the *Clerk was directed to comply*.

The roll was thereupon called on the amendment and it *carried* by the following vote:

Ayes: Supervisors Blake, Carberry, Casey, Dobbs, Ertola, Ferdon, Halley, McAteer, McCarty, McMahan, Rolph—11.

The roll was thereupon called on the measure, as amended, and it was *passed for second reading* by the following vote:

Privilege of the Floor.

The privilege of the floor was extended to Thomas White, a member of the City Planning Commission. Mr. White replied to a statement issued by Supervisor Blake at the last regular meeting of the Board, calling attention to newspaper items wherein the City Planning Commission had awarded a planning contract in connection with re-use of the present wholesale produce market to the Real Estate Research Corporation of Chicago, instead of utilizing the services of local concerns. Mr. White divulged that the City Planning Commission had advertised the proposed contract and that no local bids were received except one from the Stanford Research Institute and this firm submitted a figure which more than doubled the one submitted by the Chicago firm.

Approval of Journal.

The Journal of Proceedings for Monday, February 6, 1956, was considered read and approved.

Communication.

The Clerk read a communication from the Mayor in which he suggested that the Board determine policy with respect to appropriating funds for use by the Mayor's Citizens' Committee for Urban Renewal.

Discussion.

Supervisor Halley ventured the opinion that any request for funds for the committee should emanate from the Mayor's office. The Supervisor further stressed the fine work the committee had done and that the Board had, some time ago, adopted a workable plan, which would have to be abandoned in the event funds requested by the committee are not forthcoming.

Supervisor Rolph declared that the matter should be referred to the Finance Committee for study. The President of the Board agreed with the view of Supervisor Rolph, adding further that it was his understanding that when the matter of forming the committee was first discussed no funds were to be appropriated.

To a query propounded by Supervisor Halley, Deputy City Attorney Thomas Blanchard said that the request for funds for a Mayor's committee would ordinarily originate in the Mayor's office.

The President thereupon *referred the communication to the Finance Committee* with the suggestion that the Deputy City Attorney and the members of the committee arrive at a mutual solution to the problem.

Reference to Civil Service Commission.

The following from Finance Committee was taken up:

Proposed Amendments to Schedules of Compensation Presented by the Civil Service Commission for Inclusion in the Salary Standardization Ordinance of 1956, Charter Sections 151 and 151.1.

File No. 13294

Statement and Proposed Amendment by Supervisor Harold S. Dobbs, Chairman of the Finance Committee.

As submitted by the Civil Service Commission, the Salary and Wage Survey, dated February 8, 1956, proposes salary increases for 570 classifications, including 8,316 permanently established positions, at an estimated annually increased cost of \$1,956,506 plus approximately \$400,000 for retirement, vacation and other benefits.

The proposed amendments before you today, for reference to the Civil Service Commission, include amendments, offered by or on behalf of 412 classifications out of a total of 687 classifications, proposing increases or further increases over the salaries recommended by the Civil Service Commission.

On behalf, and as recommendations of the Finance Committee:

I offer all of such requests as, supported by necessary data and filed with this Board, seek adjustment in the schedule of compensation set forth in the Salary and Wage Survey of the Civil Service Commission, submitted to this Board on February 8, 1956, as proposed amendments to said schedule of compensations and I move with respect to such proposed amendments to the schedule of compensations, that the data presented to and considered by this Board as warranting such proposed amendments, be transmitted to the Civil Service Commission for review and analysis, and report thereon to this Board, together with a report as to what other changes, and the cost thereof, such proposed amendments would require to maintain an equitable relationship with other rates in said schedule.

For the purpose of this motion, the highest salary rate or range requested, by employees or their representatives, to be established for each particular classification in, or in connection with, the data submitted and relied upon as warranting an adjustment in the schedule of compensations proposed by the Civil Service Commission is hereby proposed as an amendment to said schedule of compensations, and the Clerk of the Board is authorized to tabulate such requested rates or ranges of salary and transmit such tabulation to the Civil Service Commission together with such data.

Motion seconded by Supervisor McMahan.

Amendment to Pending Motion.

Supervisor McCarty moved as an amendment to the pending motion, the deletion of the following language found in "Section VI. Holidays for Employees whose Compensations are fixed herein" and reading as follows:

“. . . Such . . . in the amount of eight hours' pay for eight hours worked or a proportionate amount for less than eight hours worked as provided herein for seven and one-half

hours worked on a night shift, or a proportionate amount for less than seven and one-half hours worked. The amount of a day's pay for a holiday worked by monthly employees shall be determined by dividing the current annual salary of the position for a normal work schedule by the number of work days in the year (including holidays enumerated herein) included in the normal work schedule as defined herein," and substitute therefor the following:

"Employees required by their respective appointing officers to work on any of the above specified or substitute holidays shall be paid extra compensation of one additional day's pay at time and one-half the usual rate."

Courtesy second extended by Supervisor Halley.

Discussion.

Supervisor McCarty pointed out that under the present rule, if an employee is required to work on Saturday or Sunday, he gets time and one-half for such work. If he is required to work on one of the official holidays, he only gets straight time.

Supervisor Dobbs: The majority of the Finance Committee, and its logic has the concurrence of the Civil Service Commission, does not agree with the premise of Supervisor McCarty.

Supervisor McAteer was assured that an affirmative vote on Supervisor McCarty's amendment would not bind any member of the Board when the matter came before the Board for final action.

The roll was thereupon called on the amendment and it *carried* by the following vote:

Ayes: Supervisors Blake, Carberry, Casey, Ertola, Ferdon, Halley, McAteer, McCarty, Rolph—9.

Noes: Supervisors Dobbs, McMahan—2.

Discussion on "Overtime Compensation."

Supervisor McAteer called the Board's attention to certain "F" and "R" classifications which are required to complete their forty-hour work week on the sixth day and objected to this method of procedure, contending that all city employees should work a full eight-hour day, five days a week, and then, if obliged to work on Saturday, they should be compensated at the rate of time and one-half.

Mrs. Kathleen Dolen, Supervisor of Wage Schedules and Classifications, Civil Service Commission, stated that the Civil Service Commission was considering the advisability of dispensing with the longer work week, where possible to meet the needs of city service otherwise.

Amendment.

Supervisor McAteer moved as an amendment to the administrative provisions of the Salary Standardization Ordinance, that employees listed in categories "F" and "R" be prohibited from working on Saturdays and that their tour of duty, now extending into the sixth day, be confined to a five-day work week. Courtesy second extended by Supervisor Halley.

The roll was thereupon called and the amendment *lost* by the following vote:

Ayes: Supervisors Ertola, McAteer—2.

Noes: Supervisors Blake, Carberry, Casey, Dobbs, Ferdon, Halley, McCarty, McMahan, Rolph—9.

The roll was thereupon called on the original motion, as amended, and it was *adopted* by the following vote:

Ayes: Supervisors Blake, Carberry, Casey, Dobbs, Ertola, Ferdon, Halley, McAteer, McCarty, McMahan, Rolph—11.

Consideration of Measures Out of Order.

Supervisor Dobbs moved, seconded by Supervisor McMahan, that the rules be suspended for the purpose of considering the following matter out of order.

No objection and motion *carried*.

Statement by Supervisor Harold S. Dobbs, Chairman of the Finance Committee, Re Salary Standardization.

In its consideration of the salary and wage survey submitted by the Civil Service Commission on February 8, 1956, the Finance Committee discovered proposed salaries recommended by the Civil Service Commission for certain classifications which tentatively, in the opinion of the Finance Committee, require adjustment but for which classifications referred to, no data was submitted to the Board of Supervisors and, as a consequence, no proposed amendment was offered.

It has been and is the opinion of your Finance Committee, supported by the opinion of the City Attorney, that the Finance Com-

mittee would have the right to recommend and the Board of Supervisors would have the right to adopt amendments to salaries for the classifications referred to either upon the basis of data contained in the Civil Service Commission's salary and wage survey or by relationship to other classifications within such survey and without the necessity for a proposed amendment and its reference to the Civil Service Commission.

Out of an abundance of caution, however, and so as not to jeopardize possible increases for the classifications referred to and because of the insistence of the Civil Service Commission, your Finance Committee recommends certain further proposed amendments to the salary and wage survey submitted by the Civil Service Commission this year and will move their reference to the Civil Service Commission for report and recommendations as to what other related classifications are affected and the costs involved.

On behalf of the Finance Committee I now offer such a motion.

Warranted by the data contained in the Civil Service Commission's "Salary and Wage Survey," submitted to this Board on February 8, 1956, and/or by rates of pay recommended therein for related classifications, I offer the following proposed amendments to the rates of pay recommended by the Civil Service Commission in said "Salary and Wage Survey," and I move that the data presented to and considered by this Board as warranting such proposed amendments be transmitted to the Civil Service Commission for review and analysis, and report thereon to this Board on March 9, 1956, together with a report as to what other changes, and the cost thereof, such proposed amendments would require to maintain an equitable relationship with other rates in said schedule:

Proposed Amendments to Schedules of Compensation 1956 Salary Standardization Ordinance to Be Enacted Pursuant to Provisions of Charter Sections 151 and 151.1.

Charter Amendment, Section 222, Relating to Prohibited Practices of Officers and Employees of the City and County.

File No. 14117

Supervisor McAteer made the following statement to the Board:

Mr. President and members of the Board: You will recall that on the 23rd of January of this year the original measure on this subject was before this body. After a lengthy discussion on the subject, it was referred back to the Judiciary Committee. This original measure pertained specifically to one elected official position in the municipal government.

Since this matter has been back in Judiciary Committee, our Committee has met regularly once a week. Much of the time at these meetings has been spent on this particular matter. We have had many long and argumentative sessions. We have had many participants at our recent meetings on this subject including the Controller, representatives of the Civil Service Commission, the City Attorney, the representatives of the San Francisco Bar Association, representatives of the 1956 Grand Jury and many members of the San Francisco citizenry.

The present final proposal as it comes before you today has had many drafts. It is a compromise of all the proposals which have been submitted during the past several months on this subject. This amendment before you now enlarges the scope of Section 222 of our Charter and, in part, follows some of the provisions of the State Code. This amendment is not discriminatory. It does not single out any specific office or definite office holder but it prescribes the same prohibitions and standard of conduct for *all* officers and employees of the municipal government. We have been assured by the City Attorney's office that there would be no one who draws a salary from the City and County of San Francisco who would not be covered by this particular proposal before you.

This amendment incorporates the original proposal as submitted by the 1955 Grand Jury. You will recall that this Grand Jury recommendation was to the effect that all full-time publicly elected officers and full-time Civil Service employees be prohibited from any outside profession or business activity.

One of the most vexing questions which was before your Judiciary Committee and the one which was most widely discussed was whether or not the words "inconsistent," "incompatible," and "in

conflict with his duties" were sufficiently specific and definite in order to apprise the Supervisor, the official, the member of the Commission or any other city employee what would be a prohibited activity, employment, business, profession or enterprise. The use of such general words as "inconsistent," "incompatible," and "in conflict with his duties" is found in our own California Statutes. A very close analogy is found in the State Government Code, Section 19572, which relates to causes for discipline to Civil Service employees. It reads "any other failure of good behavior or acts which are incompatible with or inimical to the public service."

Your Committee devoted considerable time in discussing other broad words and phrases which are found in our local ordinances and in the State Statutes. Among those words considered and discussed were the following: "official misconduct," "malfeasance," "maladministration," "disorderly behavior," "malconduct," "violation of duty," "neglect of duty," "malperformance of duty," "moral turpitude," "disorderly conduct," "conduct unbecoming an officer or employee," "unbecoming conduct," "insubordination," and "for cause," "malversation" and "misconduct." All of these terms are very broad and all of the ordinances and statutes which use them are based on the theory that a public officer or employee acts at his own peril when he engages in any activity that might possibly be construed to be in conflict with the public trust as an officer or employee.

Many of us are members of the California Bar. Those of us who are know that the California Statute dealing with the disbarment of an attorney from practice merely states that one of the causes for disbarment is the commission of an act of moral turpitude by an attorney either in his practice of the law or in his private life. There is nothing specific in the Statute to define what is considered to be an act of moral turpitude.

Your Committee considered at length the matter of incorporating into a Charter amendment those specific activities, employments, businesses, professions, works or enterprises which would be considered to be in conflict with the duties of our municipal officers and employees. After an intensive investigation of the matter, we concluded that such an effort to "spell out" these specific items would be a monumental task, and would probably result in unwieldy legislation. Therefore, we are recommending to our fellow members of the Board the proposal as submitted here today as the most expeditious and comprehensive proposal for accomplishing the over-all objectives as proposed by the 1955 Grand Jury and elaborated upon by the previous Judiciary Committee of this Board.

We have a City Attorney's opinion dated February 9, 1956, Opinion No. 1050, which tells us and future Boards exactly what the definition of "incompatible" is. ". . . you are advised that the interests of the City and County of San Francisco demand the undivided allegiance of its public officials to its citizens, that they exercise their public duties with absolute honesty, impartiality and unbiased judgment, and that they be free from any influence other than that which may directly grow out of the obligations that they owe to the public at large. The engaging in any business or professional activities by an elected officer which would, or could conflict with, or interfere with the proper discharge of these public responsibilities and duties would be incompatible with the interests of the City and County, and would constitute official misconduct under the proposed amendment."

The inclusion of the provisions pertaining to the Civil Service Commission, Fire and Police Department employees is to alleviate any possible fears that the commissions involved had relative to their presents rule and regulations for the control of the outside activities of their employees. The commissions and departments involved are in accord with this amendment before you today.

This amendment eliminates the original objections by the Bar Association relative to discriminating against lawyers. The original

amendment singled out a specific official position and specified that this officer could not practice law. The lawyers objected to this proposal and contended that such legislation was piecemeal in nature.

There appears to be no question of constitutionality in the proposal before you today since similar restrictions apply to State employees. As the chairman of the Judiciary Committee, I would like to publicly express my sincere appreciation for the many arduous hours invested in this matter by my colleagues on the Committee, Supervisor James Leo Halley and Supervisor Henry Rolph. Each has made his contribution to the proposal before you today. The regular weekly meetings which we have held on this matter have been long and argumentative. However, this proposed Charter Amendment comes to the Board with the unanimous recommendation from your Judiciary Committee. We have no pride of authorship in this proposal, and we sincerely hope that it will receive your unqualified endorsement and that it will be submitted to the voters of San Francisco on the approaching June ballot.

Discussion.

Supervisor Dobbs queried Deputy City Attorney Thomas Blanchard as to the meaning of the words "inconsistent" and "incompatible." Mr. Blanchard replied that as used in the pending measure, they prohibited officers and employees from participating in certain activities.

Supervisor Blake expressed the opinion that the measure should not be so restrictive as to prohibit officers from proceeding in actions against the city and county, because he feared that such prohibition might prevent the city from obtaining the best available citizens for political offices.

Supervisor McCarty expressed the opinion that it is not the legislative intent of the measure to prevent people who run businesses such as those of Supervisors Dobbs and McAteer from serving as officers of the city; if it were so, it would prove difficult to get any people to work for the city.

Supervisor McAteer expressed the opinion that such was not the legislative intent of the measure, in which opinion Deputy City Attorney Thomas Blanchard concurred. The latter likewise pointed out that the interpretation of the measure demanded reasonable construction.

The roll was thereupon called on the pending measure and it was *ordered submitted* by the following vote:

Ayes: Supervisors Blake, Carberry, Casey, Dobbs, Ertola, Ferdon, Halley, McAteer, McCarty, McMahan, Rolph—11.

Recommendations of Finance Committee in Connection With Salary Standardization, Pursuant to the Provisions of Sections 151 and 151.1 of the Charter.

File No. 13294

The following item was considered in connection with the foregoing subject:

Passage for Second Reading.

The following measure from Finance Committee was taken up:

An Ordinance Fixing and Determining Schedules of Compensation to Be Paid Municipal Officers and Employees and Non-Certificated Employees of the San Francisco Unified School District, Whose Offices and Positions Are Allocated to Classifications Specified Herein and Compensations for Which Are Subject to the Provisions of Section 151 and Section 151.1 of the Charter, Establishing Work Schedules and Conditions of Employment, and Method of Payment for Various Work Schedules; Providing that the Said Schedules of Compensation Shall Be Effective Beginning July 1, 1956.

File No. 13294-2, Ordinance No. (Series of 1939).

Supervisor Dobbs moved passage for second reading; jointly seconded by Supervisors McMahan and McCarty.

Supervisor Dobbs, as Chairman of the Finance Committee, pointed out that each member of the committee voted according to the dictates of his or her conscience; the job was not easy and that he, as Chairman, received the fullest measure of cooperation.

Supervisor Dobbs continued by stating:

Your Finance Committee presented to you today its recommendations in connection with File No. 13294, Salary Standardization Ordinance of 1956, pursuant to Charter Sections 151 and 151.1. This measure fixes the schedule of compensations and certain other benefits for the miscellaneous employees.

Miscellaneous employees of the City and County of San Francisco number 9189 and are divided into 687 classifications.

I read to you from a table showing, generally and approximately, the increases provided for miscellaneous employees last year and those which this year are recommended by the Civil Service Commission and/or the Finance Committee:

Your Finance Committee held many meetings on the subject of Salary Standardization and made an exhaustive study of the data submitted by the Civil Service Commission and by the employees or organizations who or which submitted additional data in support of salaries higher than those recommended by the Civil Service Commission. In light of all of the information adduced from all of the data submitted, your Finance Committee believes its recommendations to be eminently fair.

There is before the Board the proposal for amendment to the administrative provisions in connection with holidays for employees whose compensations are fixed in the Salary Standardization Ordinance. This amendment proposes to pay extra compensation of one additional day's pay at one and one-half the usual rate for holidays worked. Because all employees are presently paid at the rate of straight time for holidays upon which they do not work such proposed amendment would, in the majority opinion of the Finance Committee, authorize two and one-half days' pay for an employee who works on one of the eleven recognized holidays.

It is the majority recommendation of your Finance Committee that such proposed amendment to the administrative provisions of the Salary Standardization Ordinance be not adopted.

So far as the schedule of compensations is concerned, the Finance Committee is in accord in its recommendations except with respect to seven classifications which Supervisor McCarty has indicated he will call to the attention of the Board.

As Chairman of your Finance Committee, I ask your support of the majority recommendations of the Finance Committee.

Motion.

Supervisor Dobbs accordingly moved that as a majority recommendation of the Finance Committee the proposed amendment to Section VI (a) administrative provisions, of the Salary Standardization Ordinance of 1956, File No. 13294-2 ("Holidays For Employees Whose Compensations Are Fixed Herein") proposed by this Board on February 27, 1956, and providing for the deletion of the following language:

"... Such ... in the amount of eight hours' pay for eight hours worked or a proportionate amount for less than eight hours worked as provided herein for seven and one-half hours worked on a night shift, or a proportionate amount for less than seven and one-half hours worked. The amount of a day's pay for a holiday worked by monthly employees shall be determined by dividing the current annual salary of the position for a normal work schedule by the number of work days in the year (including holidays enumerated

herein) included in the normal work schedule as defined herein”

And in lieu thereof the inclusion of the following language: “Employees required by their respective appointing officers to work on any of the above specified or substitute holidays shall be paid extra compensation of one additional day’s pay at time and one-half the usual rate,” be refused adoption.

Motion seconded by Supervisor McMahan.

Amendment.

Supervisor McCarty moved, as a minority report and as an amendment to the foregoing proposed amendment to Section VI (a), administrative provisions of the Salary Standardization Ordinance of 1956, File No. 13294-2 (“Holidays for Employees whose compensations are fixed herein”), that the amendment proposed by this Board on February 27, 1956, be adopted.

Supervisor Casey seconded the motion.

Discussion.

Supervisor McCarty stated that in his opinion his amendment provides only for payment of time and one-half for holiday pay.

Mr. William L. Henderson, Executive Secretary and Personnel Director of the Civil Service Commission, called attention to his letter of March 8 addressed to the Board, wherein data showed that four out of five large public jurisdictions were following San Francisco’s policy of paying an extra day’s pay for holiday work.

There being no objection, Supervisor McCarty withdrew his amendment and moved as follows:

I move, as a minority report, as an amendment to Supervisor Dobbs’ motion, and as an amendment to Section VI (a), administrative provisions of the Salary Standardization Ordinance of 1956, File No. 13294-2 (“Holidays for Employees whose Compensations are fixed herein”) proposed by this Board on February 27, 1956, the following language:

At the beginning of the fourth paragraph delete the word “Such,” and in the same sentence after the phrase “be paid extra compensation,” add the following language: “. . . of one additional day’s pay at time and one-half the usual rate.” Delete the subsequent language reading as follows: “. . . in the amount of eight hours’ pay for eight hours worked or a proportionate amount for less than eight hours worked as provided herein for seven and one-half hours worked on a night shift, or a proportionate amount for less than seven and one-half hours worked.” Then reinstate the following language: “. . . The amount of a day’s pay for a holiday worked by monthly employees shall be determined by dividing the current annual salary of the position for a normal work schedule by the number of work days in the year (including holidays enumerated herein) included in the normal work schedule as defined herein,” so that the amendment shall read as follows:

“Employees required by their respective appointing officers to work on any of the above specified or substitute holidays shall be paid extra compensation of one additional day’s pay at time and one-half the usual rate. The amount of a day’s pay for a holiday worked by monthly employees shall be determined by dividing the current annual salary of the position for a normal work schedule by the number of work days in the year (including holidays enumerated herein) included in the normal work schedule as defined herein.”

Noes: Supervisors Blake, Carberry, Dobbs, Halley, McMahan, Rolph—6.

Motion.

Motion seconded by Supervisor McMahan.

Supervisor McCarty: The Finance Committee as a whole was largely in accord with the recommendations of the Civil Service Commission and the committee was unanimous in proposing further increases. I still feel adjustments should be made in the few cases which I proposed to present.

It was suggested that the Board take up the recommendations of the Finance Committee seriatim.

File No. 14237, Ordinance No. (Series of 1939).

Supervisor McCarty moved passage for second reading. Courtesy second accorded by Supervisor Carberry.

General Discussion.

General discussion ensued, with Supervisor McAteer asking numerous questions of Reuben Owens of the Department of Public Works relative to the reasons which prompted the request for the subject amount which far exceeded the amount originally approved by the Board in 1954, and which, at that time, was believed to be sufficient to do the intended job.

Supervisor McAteer stated he would not vote on the measure until he received a full and detailed explanation of the necessity for the subject appropriation.

Supervisor McCarty stated he hoped the Board would eventually go along with the appropriation since the original premise was sound.

Privilege of the Floor.

There being no objection, the privilege of the floor was extended to Mr. Charles Petterson who outlined a plan whereby inbound traffic could use Market Street and connecting streets in the morning and outbound traffic during the evening.

Mr. Petterson was asked to submit his plan to the Department of Public Works.

Supervisor Halley moved, seconded by Supervisor McAteer, that consideration of the foregoing measure be continued for a period of two weeks and that in the meantime, the Department of Public Works be requested to submit a full and detail explanation for the necessity for the subject appropriation.

Motion *carried* by the following vote:

Ayes: Supervisors Blake, Carberry, Ertola, Ferdon, Halley, McAteer, McCarty, Rolph—8.

Absent: Supervisors Casey, Dobbs, McMahan—3.

Resumption of Consideration of File No. 14248.

Passage for Second Reading.

Appropriating \$2,150, Police, for Purchase of One Medium-Heavy Four-Door Sedan.

File No. 14248, Ordinance No. (Series of 1939).

Upon the appearance of Ben Kline, Purchaser of Supplies, Supervisor McAteer queried him with respect to the necessity of appropriating the sum of \$2,150 instead of possibly spending a lesser amount for a complete overhauling job.

Supervisor McAteer moved that consideration be continued for a period of one week and that a report be forthcoming from the Purchaser of Supplies justifying the recommendation of the Finance Committee. Motion seconded by Supervisor Ertola.

Supervisor McCarty stated he would vote against continuance because the spending of a lesser amount for overhauling the car would not be assurance that three months hence additional repairs would not be required. The Supervisor pointed out that the present vehicle is five years old and that it would be unwise to spend funds for its repair.

The roll was thereupon called and the motion to continue consideration for one week *lost* by the following vote:

Ayes: Supervisors Blake, Carberry, Ertola, McAteer—4.

Noes: Supervisors Ferdon, Halley, McCarty, Rolph—4.

Absent: Supervisors Casey, Dobbs, McMahan—3.

Supervisor McCarty pointed out that it has been the policy of the Finance Committee over the years to rely upon statements made by

the Purchaser of Supplies as to whether the purchases of vehicles were considered to be economically sound.

Supervisor McAteer asked that a report be forthcoming from the Purchaser of Supplies as to reasons which prompted him to recommend the appropriation of funds for a new car rather than the appropriation of funds for a complete repair of the vehicle.

The roll was thereupon called and the pending measure was *passed for second reading* by the following vote:

Ayes: Supervisors Blake, Carberry, Ertola, Ferdon, Halley, McAteer, McCarty, Rolph—8.

Absent: Supervisors Casey, Dobbs, McMahon—3.

Adopted.

The following recommendations of Streets Committee were taken up:

Discussion.

The President of the Board introduced Harold R. McKinnon, President of the Police Commission, and Chief of Police Francis J. Ahern.

Supervisor Dobbs, Chairman of the Finance Committee, gave a detailed explanation of the bond measure.

Supervisor Halley expressed the opinion that the voters should be apprized of the site which may be agreed upon by the interested departments.

The privilege of the floor was extended to Thomas A. Brooks, the Chief Administrative Officer, who stated that time requirements made it compulsory that the pending measure be acted upon today. Mr. Brooks pointed out that the Father Crowley Playground site may be available for the Hall of Justice, and is presently owned by

the State. He likewise added that the State has been asked to hold up the sale of the Father Crowley site for a period of four months pending action by the electorate in June. He assured the members of the Board that if the playground site is not available, another site would be found and that the voters would be supplied with information concerning possible location.

Supervisor Blake asked for a breakdown of the \$19,475,000 which was supplied by Sherman P. Duckel, Director of the Department of Public Works.

Supervisor Carberry suggested that efforts be made to repurchase the land from the State at the price paid by it.

Supervisor Halley asked that the record show that the reason why Supervisor McAteer is not voting on the pending measure is due to the fact that he has been recalled to temporary service with the United States Navy.

ROLL CALL FOR THE INTRODUCTION OF MEASURES AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Statement by Supervisor Blake Regarding Visit to Hamilton Field Air Base.

Supervisor Blake told the Board that he had, at its direction, visited the Hamilton Field Air Base and had been briefed on the subject of the "sonic boom." In a few months, Supervisor Blake pointed out, planes will be available and capable of speeds in excess of 750 miles per hour, which would break the sound barrier.

The Supervisor requested that the Clerk write to the Mayor and to the Director of Civilian Defense, urging that a meeting be had with Major General Roy H. Lynn for the purpose of having a

demonstration of a plane crashing the "sonic boom" area with its resultant blast. The Supervisor pointed out that a plane, some time ago, had performed such a feat and the blast caused a state of apprehension on the part of many citizens, and it was for this purpose, the allaying of any fears which may arise, that such a demonstration is being asked.

There being no objection, the *Clerk was directed to comply.*

Report by Dr. J. Knight Allen Concerning Studies Completed by the Stanford Research Institute Relating to Methods of Financing the Costs of a Bay Area Rapid Transit System.

The President of the Board introduced Mr. Alan K. Browne, Chairman of the Bay Area Rapid Transit Commission, who in turn introduced some of the members of the Commission. Mr. Browne then introduced Dr. J. Knight Allen of the Stanford Research Bureau, who, by means of slides, presented statistical data in connection with the proposed construction of the San Francisco Bay Area rapid transit facilities embracing the nine bay area counties. Supervisor McCarty questioned Dr. Allen on certain phases of his report.

Passage for Second Reading.

The following measure from Finance Committee, without recommendation, heretofore considered, was taken up:

Appropriating \$1,704,000, Public Works, from Special Gas Tax Street Improvement Fund and Special Road Improvement Fund, for the Widening and Realignment of Market Street from Hattie Street to Portola Drive.

File No. 14237, Ordinance No. (Series of 1939).

Motion.

Supervisor Halley moved passage for second reading; seconded by Supervisor Blake.

Discussion.

It was pointed out to the Board that each member had received a copy of a letter dated March 30 from the Director of Public Works outlining the reasons for requesting the additional appropriation as reflected in the pending measure; however, Supervisor Dobbs, as Chairman of the Finance Committee, stated that notwithstanding the thorough explanation by the Director of Public Works, he could not go along and vote for the appropriation.

Privilege of the Floor.

The privilege of the floor was extended to Sherman P. Duckel, Director of the Department of Public Works, who elaborated on his report to the Board. He stressed the point that when the original appropriation was authorized in 1954, his department honestly felt that sufficient funds would be on hand to do the intended job, but that subsequent events developed the necessity for additional funds.

Supervisor Halley asked the Chief Administrative Officer if the present situation where additional funds are being requested constituted an unusual situation. Mr. Brooks replied that such was the case and that he did not believe that any department head would follow the policy of initially asking for funds on a limited scale and subsequently returning to the Board for a larger amount, and that if he found that such procedure was being followed, he wouldn't tolerate the practice.

Supervisor Halley then asked Mr. Brooks whether in his opinion it would be in the public interest to have the Board approve the pending measure rather than proceed with the construction on the basis of funds authorized in 1954. Mr. Brooks agreed that it would be safer to authorize the additional funds.

Supervisor McCarty declared he was in favor of the appropriation, pointing out that the pending measure was the object of study for many months and that the Board had adopted the policy that the widening of Portola Drive was necessary in the public interest. He stated that scores of homes had been purchased for removal, and that it would be unwise to abandon the project at this stage.

Supervisor Blake agreed with the premise outlined by Supervisor McCarty.

The President of the Board asked Mr. Duckel if he was satisfied with the amount of \$1,509,795 outlined in his letter of March 30 and allocated for the following purpose: "Use of structures in placement of embankment." Mr. Duckel replied that he was satisfied with the amount stated.

The roll was thereupon called and the pending measure was passed for second reading by the following vote:

Ayes: Supervisors Blake, Carberry, Casey, Ertola, Ferdon, Halley, McCarty, McMahan, Rolph—9.

No: Supervisor Dobbs—1.

Absent: Supervisor McAteer—1.

". . . Careful study is now being conducted to determine a definite site for the new building . . ."

The President of the Board likewise expressed concern over the statement and wanted an explanation of its significance. He intimated that unless a definite site is found, the Police Department may return to the Board for a supplemental appropriation request for additional funds in excess of \$750,000, earmarked for the purchase of a site. He therefore asked that representatives of the Police Commission be immediately requested to appear before the Board to assure him and the other Board members that they intend to find a site, in event the Father Crowley site, which may be purchased for not more than \$750,000, is not available.

Consideration *temporarily postponed* pending appearance of representatives of the Police Commission.

The roll was thereupon called and the pending measure was *adopted, as amended*, by the following vote:

Ayes: Supervisors Blake, Carberry, Casey, Dobbs, Ertola, Ferdon, McCarty, McMahan, Rolph—9.

Absent: Supervisors Halley, McAteer—2.

Resumption of Consideration of Measure Authorizing Ballot Argument Favoring Proposition "A," the Hall of Justice Bond Issue.

The President of the Police Commission, Harold R. McKinnon, informed the Board that the Father Crowley Playground site was still under consideration, and if events should develop that such site is unobtainable, an alternate site would have to be found.

Amendments to Ballot Arguments.

Supervisor Blake moved, seconded by Supervisor Dobbs, that the following language appearing as the third paragraph on Page 2 and reading as follows: ". . . Careful study is now being conducted to determine a definite site for the new building . . .," be deleted.

No objection and motion *carried*.

Supervisor Blake likewise objected to certain language appearing in the fourth paragraph on Page 1 of the ballot argument and moved deletion of the following language appearing therein, seconded by Supervisor Ertola:

". . . A common occurrence is that a citizen paying a tag there gets another tag for leaving his car outside. For lack of necessary waiting rooms . . ." and that the immediately following sentence shall read as follows:

". . . Prisoners are herded into the criminal courts at the Hall of Justice in groups of twenty or thirty at a time, because of want of waiting rooms. . . ."

No objection and motion *carried*.

The roll was thereupon called on the pending measure and it was *adopted, as amended*, by the following vote:

Ayes: Supervisors Blake, Carberry, Casey, Dobbs, Ertola, Ferdon, McCarty, McMahan, Rolph—9.

Fixing Date of Monday, April 23, 1956, 2:00 P. M., for Hearing the Appeal from the Decision of the City Planning Commission, by Its Resolution No. 4523, Dated March 1, 1956, Disapproving Application to Rezone Property Located on the Southwest Corner of Oakdale

Avenue and Keith Street from First Residential District to Second Residential District.

File No. 14313-1, Resolution No. . . . (Series of 1939).

(The City Engineer has reported to the Board under date of April 10, 1956, that the signatures on the appeal have been checked as to ownership of property within a radius of 300 feet of the property covered by this appeal, and it has been found that they represent less than the necessary twenty per cent of the area.

The following are excerpts from City Attorney's Opinion No. 984 dated August 19, 1955: "The report of the City Engineer is to be considered along with any communication on this subject on the part of the protestants, and a determination made as to whether the required twenty per cent has been obtained. If the Board determines that the protest is subscribed by the owners of twenty per cent of the property affected . . . the Supervisors shall fix a time and place for hearing such objections which shall be not less than ten nor more than thirty days after the filing. That determination is made affirmatively or negatively by affirmative or negative vote on the resolution fixing the time and place for hearing. If the Board finds the necessary twenty per cent has not been obtained . . . it cannot set a time and place for hearing.")

Supervisor McMahan moved adoption; seconded by Supervisor Casey, for the purpose of bringing the matter before the Board.

No objection and motion *carried*.

Supervisor McCarty moved that the matter be re-referred to the proper committee for study and that the committee report its findings to the Board.

The Clerk read a letter from the file, addressed to the appellant, setting forth the facts in the case, and advising him that although his appeal was found insufficient by the Engineering Department, the matter would be heard by the Board for the purpose of determining whether justification existed for hearing the appeal.

The President directed that in the future each member of the Board be supplied with copies of correspondence which reflected the findings of the Engineering Department as well as the statement by the Clerk of the Board to the appellant, this directive to apply only in those cases where the Engineering Department finds that the appeal lacks the requisite number of signatures required to perfect such appeal.

Supervisor McCarty asked Deputy City Attorney Thomas Blanchard if a negative vote on the pending measure would constitute a negative determination with respect to the sufficiency of signatures, to which Mr. Blanchard replied that such would be the case.

The roll was thereupon called and the measure was *refused adoption* by the following vote:

Noes: Supervisors Blake, Carberry, Casey, Dobbs, Ertola, Ferdon, Halley, McCarty, McMahan, Rolph—10.

ROLL CALL FOR THE INTRODUCTION OF MEASURES AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Report of Activities Requested of Golden Gate Bridge and Highway District.

Supervisor Blake expressed the opinion that the Board should be currently apprized of the activities of the Golden Gate Bridge and Highway District. He mentioned that releases in the press were anything but complimentary to the City and County of San Francisco,

and thereupon asked Deputy City Attorney Blanchard if the Board had the authority to conduct an investigation into the affairs of the Bridge District. Mr. Blanchard replied that the Board had no such authority but did possess the right to ask the Board of Directors and the management of the Bridge District to explain their policies affecting the operation of the bridge, inasmuch as San Francisco has a substantial financial liability for operation of the District.

Supervisor Blake thereupon requested that the Clerk communicate with the Golden Gate Bridge and Highway District, asking for a clarification of policies recently expressed in the press, which may be considered to be inimical to the city's best interests.

The President thereupon *referred the matter to the Streets Committee.*

Budget of the City and County of San Francisco for the Fiscal Year 1956-1957.

File No. 14000.

May 14, 1956—Consideration continued to May 16, 1956.

Statement by Supervisor Dobbs in Connection With 1956-1957 Budget.

Your Finance Committee presents, today, its recommendations in connection with the budget for the fiscal year 1956-1957.

The departmental budgets as submitted to the Mayor, this year, included requests totaling \$209,958,514, an increase of \$12,646,340 over the current fiscal year, and this without inclusion of salary increases resulting from salary standardization this year, pursuant to charter sections 151 and 151.1, in the amount of \$2,157,742.

The total budget as submitted by the Mayor, including increases due to salary standardization, is \$202,413,944.

After exhaustive scrutiny and study and with a view to strictest economy consistent with efficient operation, the Finance Committee recommends a total reduction in the budget as submitted by the Mayor in the amount of \$922,849.

Supplemental budget requests as submitted by the departments totaled \$5,019,576. Of these, the Mayor recommended items totaling \$4,665,325. Your Finance Committee recommends inclusion of supplemental budget requests for items, as indicated, in the amount of \$1,219,802.

The total budget then as recommended by the Finance Committee, including supplemental budget requests, amounts to \$202,710,897, an increase over the budget of the present fiscal year of \$5,398,723.

Principally the increases in this year's budget are required for necessary maintenance and repairs as well as improvements, increased retirement costs, salary increments, bond interest and redemption and an increase in the budget of the School Department approximating one and one-half million dollars.

No appreciable increase in revenues to the City and County of San Francisco is anticipated for the fiscal year 1956-1957.

Although not yet adopted, Los Angeles has recommended an increase in fire and police salaries, which if reflected in San Francisco would result in an increase of approximately \$2,000,000 exclusive of retirement benefits. Too, it is confidently expected that wage negotiations for the crafts will result in further increases for such employees in city service.

Motion to Adopt the Budget as Amended by the Finance Committee.

Supervisor Dobbs moved, seconded by Supervisor McMahon, that the annual budget for the fiscal year 1956-1957 be amended as recommended by the Finance Committee, as follows:

Supervisor Halley thereupon so moved, seconded by Supervisor Rolph, and there being no objection, motion *carried*.

ROLL CALL FOR THE INTRODUCTION OF MEASURES AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.**Requesting City Planning Commission to Report on Feasibility of Second Golden Gate Crossing.**

Supervisor Blake stated he would oppose any attempt to construct a freeway which would bisect the Pacific Heights and Marina Districts and connect with the approaches to the Golden Gate Bridge. He expressed the opinion that another way must be found to get to Marin County aside from using the Golden Gate Bridge. He thereupon directed that the City Planning Commission be requested to report on the feasibility of constructing a bridge from the vicinity of Fort Mason which would connect with Marin County via Angel Island. This would eliminate the necessity of constructing a Western Freeway and widening the approaches to the Golden Gate Bridge, and such funds as would have been necessary for the work could be used for the second bridge. The construction of such a bridge might well eliminate the necessity of constructing more freeways in the City and County of San Francisco.

Supervisor Blake stated he did not believe state officials should be in a position to tell San Francisco just where the freeways are to be built but if they are constructed, they should be at locations which would discommode the people the least. He recommended that the Board go on record as favoring another bridge in line with his suggestion.

The matter was *referred* to the Streets Committee and the Clerk was directed to submit Supervisor Blake's proposal to the City Planning Commission for report.

File No. 14475, Resolution No. . . . (Series of 1939).

Committee of the Whole.

Supervisor McAteer moved, seconded by Supervisor Rolph, that the Board resolve itself into a Committee of the Whole for the purpose of hearing from all interested parties.

No objection and motion *carried*.

Privilege of the Floor.

The privilege of the floor was extended to Mr. Charles D. Miller, Manager of the Municipal Railway, who explained the reasons motivating the Public Utilities Commission's desire to abandon and/or discontinue service on portions of certain bus lines, and the rerouting of said lines.

The President of the Board announced that the Committee would now hear the proponents, and accordingly the privilege of the floor was extended to the following:

Mr. M. Albert O'Dea, Public Relations Director, speaking on behalf of the industrial firms and improvement associations in the Bayview, Bayshore, Visitacion Valley and South Mission areas; also for San Francisco State College and the Management of the Cow Palace;

Mr. Walter Rodman, Livestock Manager of the Cow Palace;

Mrs. Anna Aspell.

Motion to Rise and Report.

Supervisor Halley moved that the committee rise and report; motion seconded by Supervisor Sullivan and, there being no objection, motion *carried*.

Explanation of Vote.

The President explained that an "Aye" vote would disapprove the abandonment or discontinuance of service on portion of the stated bus lines and override the proposed action of the Public Utilities

Commission; a "No" vote would approve the proposed abandonment and would sustain the proposed action of the Public Utilities Commission. Nine affirmative votes would be required to abandon the portions of the bus lines under consideration.

Supervisor McMahan moved, seconded by Supervisor Sullivan, that the pending measure be adopted, for the purpose of bringing the matter before the Board for formal action.

Query.

Supervisor McAteer asked Manager Charles D. Miller of the Municipal Railway how much additional expense would be involved were the proposed abandonment and rearrangement of service put into effect.

Mr. Miller stated he was not in a position to supply the desired information; accordingly, Supervisor McAteer declared that he would vote to disapprove the proposed abandonments.

Supervisor Rolph suggested that consideration be deferred for one week to permit Mr. Miller to supply Supervisor McAteer with the information he wanted, and so moved. Motion seconded by Supervisor Ertola.

Mr. Miller pointed out that if consideration is to be deferred for one week, the new schedules proposed to be placed into effect by June 17 would be delayed.

Supervisor Rolph accordingly withdrew his motion, there being no objection, and moved that consideration be temporarily postponed so that Mr. Miller may be given the opportunity of supplying Supervisor McAteer with the desired information.

No objection and action *temporarily postponed*.

Passage for Second Reading.

Amending the Building Code by Imposing a 40-Foot Height Building Restriction on a Portion of Telegraph Hill Area.

File No. 13662, Ordinance No. (Series of 1939).

(Area bounded by Union Street, Grant Avenue and a line 137 feet 6 inches north of and paralleling Broadway and connecting with Montgomery Street.)

Discussion.

Supervisor Rolph moved passage for second reading. Motion seconded by Supervisor Sullivan.

Supervisor Dobbs stated that he would object to the Board resolving itself into a Committee of the Whole for the purpose of hearing from all interested parties for the reason that it is the function of a committee to hear all matters referred to it, and that all persons interested in any matter which may be before a particular committee have the right to express themselves. He has always observed this policy of the Board, and he further felt that the Board was capable of ascertaining any information it desired from the members of the committee.

Supervisor Rolph stated that the only reason the privilege of the floor was not being extended to all interested parties was due to Supervisor Dobbs' objection thereto, because he wanted the entire Board to hear from all persons before Board action was taken.

Explanation.

Supervisor Rolph expressed his position in favor of the pending measure.

Before Supervisor Dobbs gave his position in the matter, he explained to the audience that the reason the privilege of the floor had been accorded those interested in the proposed abandonment and/or discontinuance of portions of certain bus lines, which matter had been considered and disposed of earlier in the meeting, was due to the fact that the charter provided for a public hearing in matters of this type. In the case at hand, the situation was different and the matter had been given ample airing in committee.

Supervisor Dobbs went on to explain that he was opposing the passage of the measure, contending that the City and County of San

Francisco had a limited residential area, that the only way to increase its capacity for residential purposes was to "go up" and that restricted building heights should not be imposed.

Supervisor McCarty expressed the belief that the imposition of restrictive building heights was unfair. He had visited the neighborhood in question and he saw nothing that would affect his conclusions in any way. He said he could not see how the proposed construction of an 11-story building on Telegraph Hill would preclude anyone from having a view that would cover at least 99 per cent of the bay. Supervisor McCarty pointed out that a large percentage of the area in the City and County of San Francisco is taken up by Golden Gate Park, The Presidio, schools, public buildings, commercial and industrial establishments and streets and very little is left for residential purposes, and that he agreed with the premise reached by Supervisor Dobbs that "we must go up."

Supervisor Ertola pointed out that to permit the construction of tall buildings on Telegraph Hill would only tend to worsen an already congested area. He believed that the area should have building restrictions imposed thereon and that many people purchased property there many years ago with the assumption that their view would remain unimpaired.

Supervisor McAteer stated he had listened attentively to the pros and cons and agreed with the thought that San Francisco must be considered as a whole, but also pointed out that consideration must likewise be given to the topography and view of the city. San Francisco is known and famed throughout the world and when one thinks of San Francisco as a whole, it must be considered in terms of retaining the city as it has been during the past 40 or 50 years, a city renowned for its beauty. The city must retain as much of its natural beauty as it possibly can. The Supervisor stated he was impressed by the fact that the name of Telegraph Hill was world-famous, and that the area is an integral part of San Francisco. He concluded by saying that he hoped that a majority of the members of the Board would vote to retain its loveliness and charm by voting for the measure imposing height limitations on future buildings.

Supervisor McMahan stated she did not believe in height limitations but since a major portion of Telegraph Hill is already covered by height limitations, she would vote for the measure.

Supervisor Blake suggested that the pending measure be referred to committee until such time as the proposed new zoning ordinance was adopted, but if a vote were to be taken today, he would go along and vote for the measure.

The roll was thereupon called and the pending measure was *passed for second reading* by the following vote:

Ayes: Supervisors Blake, Casey, Ertola, Ferdon, Halley, McAteer, McMahan, Rolph, Sullivan—9.

Noes: Supervisors Dobbs, McCarty—2.

Amending the Building Code by Imposing a 40-Foot Height Building Restriction on a Portion of Telegraph Hill Area.

File No. 13662, Ordinance No. 9747 (Series of 1939).

Discussion.

Supervisor McAteer informed the Board that he had received correspondence claiming that the pending matter had not been accorded a full hearing.

Supervisor Rolph, Chairman of the Public Buildings, Lands and City Planning Committee, which considered the measure, stated that full hearings had been held, and that he was at a complete loss to understand the statement alleging that a full hearing had not been held. All interested parties had been invited to attend the hearings

and every opportunity accorded those who desired to express their views.

Supervisor Dobbs corroborated the statement made by Supervisor Rolph.

Supervisor McCarty moved re-reference to committee for the purpose of hearing those who had not been heard. Motion seconded by Supervisor Dobbs.

Supervisor McCarty pointed out that many of the people interested in the matter desired that it be heard when a full committee was present. He likewise mentioned an article appearing in a North Beach paper wherein the North Beach Merchants and Boosters Association went on record as opposing the proposed 40-foot height limitation and also called the Board's attention to action taken by the Building Trades Council which likewise opposed the proposed legislation. He added that both organizations have been in existence for a great number of years and believed that they should be accorded the opportunity of appearing before the committee and outlining their reasons for their expressed opposition. Likewise, the opponents of the measure have claimed that certain misstatements have been made which should be corrected. The Supervisor concluded by saying that it has always been the policy of the Board to re-refer matters to committee for further hearing when it has come to the attention of the Board that certain individuals and/or organizations, for one reason or another, have not had the opportunity of appearing before the committee.

Supervisor Rolph stated he would oppose the motion for the reason that he has no recollection of the organizations in question having exhibited an interest in the legislation, nor has he ever received a communication expressing such an interest.

Supervisor Dobbs supported the stand taken by Supervisor McCarty.

The roll was thereupon called on the pending motion to re-refer to committee and it *lost* by the following vote:

Ayes: Supervisors Casey, Dobbs, McCarty, McMahan—4.

Noes: Supervisors Blake, Ertola, Ferdon, Halley, McAteer, Rolph, Sullivan—7.

The roll was thereupon called on the measure and it was *finally passed* by the following vote:

Mr. Lou Jolly, representing the Silver Terrace Improvement Club and property owners on Charter Oak Avenue, spoke on the subject.

Supervisor Halley suggested that, as a matter of law, since Mr. Jolly had not made his position known in writing within the prescribed time, it could not be considered, and that the bona fide protest of Mr. Dan Riordan had been officially withdrawn by the maker.

Mr. Thomas Blanchard, Deputy City Attorney, corroborated the position taken by Supervisor Halley in that protests must be filed in writing and within a prescribed time limit as set forth in the Public Works section of the Municipal Code.

The President thereupon inquired if there were any other persons who desired to speak on the subject. No one responded.

The roll was thereupon called on the pending motion and it *carried* by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Halley, McAteer, McCarty, McMahan, Rolph, Sullivan—10.

No: Supervisor Ferdon—1.

The President inquired if there were any persons present who desired to speak on the matter. No one responded.

SPECIAL ORDER—2:00 P. M.

Adopted as Amended.

The following recommendation of Streets Committee, heretofore considered was taken up:

Declaring Opposition to the Western Freeway.

File No. 14414, Resolution No. (Series of 1939).

Communication.

The Clerk read a communication from the Property Owners' Association and signed by Chris McKeon. Accompanying the communication was an affidavit signed by Mr. McKeon reciting "This is to certify that the Property Owners' Association are in possession of over Twenty Thousand signatures to Petition, herewith attached," Said affidavit is dated June 11, 1956.

At the conclusion of the reading of the foregoing communication, Supervisor Blake requested that the Clerk read the measure currently before the Board.

Supervisor Blake then recited the history surrounding the proposed construction of the Western Freeway, pointing out that since last December two hearings have been held by the property owners of the districts involved. Since the matter was referred to the Board, the Streets Committee has conducted a full hearing on it and it is now before the Board with the recommendation of the Streets Committee. Supervisor McAteer had been on authorized leave during Committee deliberations.

Privilege of the Floor.

The privilege of the floor was extended to B. W. Booker, Assistant Engineer, State Division of Highways, who read a report entitled "Status of State Highways in San Francisco."

Mr. J. P. Sinclair, District Engineer in Charge of Planning, State Division of Highways, explained the proposed route of the Western Freeway. It was pointed out that over one thousand structures would be involved should the route be approved.

Mr. Booker emphasized that alternate routes have been suggested by Mr. McKeon and these, in turn, were being studied by his department as well as the Department of Public Works of the City and County of San Francisco.

Supervisor Rolph asked for an explanation as to the relationship the improvement of Portola Drive would have to the proposed Western Freeway. Mr. Duckel, Director of the Department of Public Works, complied, further pointing out that the improvement of Portola Drive will provide faster service to the Midtown Subdivision as well as to the Diamond Heights Redevelopment Area.

Supervisor Sullivan inquired of Mr. Duckel if his department had received a report from the State Division of Highways covering the proposed Western Freeway route. Mr. Duckel replied that he had received the report on May 24, but that he did not have sufficient time within which to study it. He did say, however, that a comprehensive study of the report would undoubtedly result in a reduction of the number of homes originally proposed to be purchased. He suggested that an additional period of 30 days be granted him for the purpose of completing his studies of the state's report.

Supervisor Sullivan expressed the opinion that the state's report should be studied fully and agreed that Mr. Duckel should be given another 30 days within which to bring in a complete report.

Supervisor Sullivan thereupon moved that an additional period of 30 days be granted to Mr. Duckel.

Motion *lost* for want of a second.

Supervisor McAteer: Am I correct in assuming that the DeLeuw-Cather Report of November, 1948, is the basis or foundation on which the Master Plan for San Francisco was laid?

Mr. Oppermann, Director of Planning: That is the principal basis for the Master Plan of Trafficways. There are earlier studies—the Master Plan was adopted in 1945, and studies were made even before that.

In reply to Supervisor McAteer's query as to how the Western Freeway came into being since it did not appear as a part of the Master Plan and in view of its absence in the DeLeuw-Cather Report, Mr. Oppermann explained that in view of the rapid development of the Stonestown, Parkmerced and other adjacent areas, meetings were held with the State Division of Highways, the Department of Public Works, the Traffic Engineer of the Department of Public Works, and as a result of such meetings, the Western Freeway plan was broached.

Supervisor McAteer made it be known that the Board of Supervisors has never adopted the Master Plan and that the people should be aware of this fact. The Board might desire to take the Western Freeway out of the Master Plan but basically this cannot be accomplished by the Board; however, by adopting the pending measure, it would be tantamount to saying to the Mayor, "Tell your departments not to cooperate with the State Division of Highways in this particular instance because the people do not want it, and this amendment of the Master Plan is strictly an administrative function of the City Planning Commission."

Supervisor McAteer: I will show to the Board petitions purporting to contain approximately 25,000 signatures of people in the Sunset District, who are opposed to this particular freeway and who are in favor of eliminating it from the Master Plan, and insofar as I am personally concerned, I see no justification for the Western Freeway as covered in the present Master Plan. I trust the Mayor will observe the mandate of Charter Section 25 and coordinate all departmental efforts, and hope that he will act immediately. The City Planning Commission should get the Western Freeway out of the Master Plan as presently placed in there.

Supervisor Blake noted that Assemblyman Charles W. Meyers was in the audience.

Amendment.

Supervisor Halley moved as an amendment that the first "Resolved" section of the pending measure be amended to read in part as follows: "That the Board of Supervisors of the City and County of San Francisco does hereby declare official opposition to that portion of the proposed Western Freeway from Stanley Drive to Santiago Street. . . ." Motion seconded by Supervisor Ertola.

Substitute.

Supervisor McCarty stated he was presenting a substitute measure but wanted to preface his presentation with a few remarks. He expressed the opinion that the Board, as a matter of city policy, should vest in itself the final discretion for the location of the Western Freeway, and at the same time should permit full and complete study of the McKeon proposal and any others which would tend to change the route as presently being considered, because Supervisor Blake's measure, in effect, prohibits any city department from concerning itself with the problems inherent in the Western Freeway. His resolution, therefore, would establish policy for the City and County of San Francisco to the end that no construction

of any Western Freeway shall begin until this Board approves plans, details and route.

Supervisor McCarty thereupon presented, as a substitute, the following measure entitled:

“Opposing construction of Western Freeway unless and until plans and specifications therefor have been approved by the Board of Supervisors,” and moved its adoption. Motion seconded by Supervisor McMahan.

Supervisor Blake asked the Board’s support for his own measure, in preference to that of Supervisor McCarty.

Privilege of the Floor—Denied.

The privilege of the floor was asked for Mr. Chris McKeon. Supervisor Dobbs, however, called attention to the Board’s policy of hearing all interested persons in committee, rather than before the Board.

Supervisor McAteer asked Mr. Thomas Blanchard, Deputy City Attorney, what binding and legal effect the resolution of Supervisor McCarty would have upon the Board, if adopted.

Mr. Blanchard replied that the Board has power to establish official policy, while the Master Plan is the function of the City Planning Commission. The Board has no control with respect to changing the Master Plan. Section 9 of the Charter provides that the power of the city and county, except the powers reserved to the people or delegated to other officials, boards or commissions, shall be vested in the Board of Supervisors. The adoption of Supervisor McCarty’s resolution would not conflict with the Charter. The Board has the power of adopting official policy with respect to freeways and the City Planning Commission has the power of adopting the Master Plan. The measure presented by Supervisor McCarty falls within the power of the Board to adopt and does not conflict with the provisions of Section 22 of the Charter.

Privilege of the Floor.

Supervisor Dobbs withdrew his objection to permitting the privilege of the floor to Mr. McKeon provided questions only were asked of him, and his replies confined to answers thereto.

Mr. McKeon, in reply to a question, advised the Board that the so-called McKeon route was merely a suggestion to Mr. Duckel; that close to 25 millions of dollars would be lopped from the city’s assessment rolls and that other routes should be considered, where property values would be negligible such as the routes which would parallel the Skyline Boulevard or the Great Highway.

Supervisor McAteer: Will the substitute measure presented by Supervisor McCarty serve your purpose?

Mr. McKeon: I don’t believe it does.

Supervisor McAteer: There are many recitals in the substitute resolution which have not been heard in committee. The proper legislative procedure is to send it to committee or defeat it. Unless I have a complete explanation of the recitals, I will have to vote against it.

Recess.

Supervisor Blake asked that he be permitted to have a few minutes to study the proposed substitute. There being no objection, a five-minute recess was authorized.

The Board recessed at 5:35 p. m. and reconvened at 5:45 p. m.

Roll Call.

Upon reconvening, the roll was called and the following Supervisors were noted present:

Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McAteer, McCarty, McMahan, Rolph, Sullivan—11.

Quorum present.

President John J. Ferdon presiding.

Discussion.

Supervisor Blake stated that the recitals in Supervisor McCarty's proposed substitute measure were objectionable in his opinion and that he would vote against its adoption.

The roll was thereupon called on Supervisor McCarty's substitute measure and it was *refused adoption* by the following vote:

Ayes: Supervisors Dobbs, McCarty, McMahan, Sullivan—4.

Noes: Supervisors Blake, Casey, Ertola, Ferdon, Halley, McAteer, Rolph—7.

Consideration of Supervisor Halley's Amendment.

In connection with Supervisor Halley's amendment which was now before the Board, Supervisor McAteer suggested that the northerly terminus of the area be extended to include the proposed Golden Gate Heights Tunnel. To this Supervisor Halley offered no objection and it was *so ordered*.

Amendment to the Amendment.

Supervisor Rolph moved as an amendment to the amendment that the fourth and fifth "Whereases" in Supervisor Blake's proposed measure be deleted. Motion seconded by Supervisor Halley.

Supervisor McCarty suggested that the measure be stripped of all the "Whereases."

Supervisor McCarty thereupon asked the Deputy City Attorney if it was not a fact that the "Whereases" in a resolution are unnecessary and have no legal meaning. To this premise Mr. Blanchard agreed.

Supervisor Rolph objected to the suggestion that the "Whereases" be deleted on the ground that they provide informative background for the policy declaration.

There being no objection, Supervisor Rolph withdrew his amendment to the amendment and moved the following amendment to the amendment: that the fourth and fifth "Whereases" be deleted from the pending measure and that the second "Whereas" be amended to include, after the phrase, "Whereas, the construction of the" the following words, "hereinafter described portion of the." Motion seconded by Supervisor Halley.

The roll was thereupon called and the amendment to the amendment *carried* by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Halley, McCarty, Rolph, Sullivan—8.

Noes: Supervisors Ferdon, McAteer, McMahan—3.

Consideration of Supervisor Halley's Amendment as Amended.

Supervisor McCarty stated he would oppose Supervisor Halley's amendment as amended unless its northerly terminus was extended to the triangle shown on the map, i.e., to Sixth Avenue and Irving Street. To this suggestion, Supervisor Halley offered no objection, and it was *so ordered*.

Supervisor Dobbs declared that he did not believe the Western Freeway should be cut up into sections; that Board action should either be for or against the entire freeway.

Supervisor Halley stated that alternate routes would have to be found for those sections deleted from the proposed freeway.

The roll was thereupon called on Supervisor Halley's amendment as amended and it *carried* by the following vote:

Ayes: Supervisors Blake, Casey, Ertola, Halley, McCarty, Rolph, Sullivan—7.

Noes: Supervisors Dobbs, Ferdon, McAteer, McMahan—4.

Action on Supervisor Blake's Measure as Amended.

Supervisor McAteer expressed a desire to know as to what importance the City Planning Commission would attach to the measure, as amended, were it to be adopted by the Board.

Mr. Roger Lapham, Jr., President of the City Planning Commission:

It is a well-known fact that this Board sets policy for the City and County of San Francisco. The City Planning Commission carries out that policy. However, I cannot, for the life of me, understand what the policy will be if this amendment is passed. I believe I would try, on the basis of what I heard today, to outline to the Commission what I thought the policy of the Board of Supervisors was with respect to this particular route. I would also request Mr. Oppermann to forward the resolution to the City Attorney for clarification, to determine whether it would be possible for the City Planning Commission to investigate this proposed route, along with three or four other alternate routes.

Supervisor McAteer posed a similar question to Mr. B. W. Booker, Assistant State Engineer, State Division of Highways.

Mr. Booker replied that if the Board adopted Supervisor Blake's resolution, as amended, it would seem that this action would indicate opposition to the approval of the Western Freeway Agreement, a responsibility which is the Board's alone. This fact he would have to report to the California Highway Commission with the possibility that a revision downward would have to be made of the deficiency funds available for San Francisco. Efforts might then be made to find other alternate routes which may be considered suitable.

Supervisor McAteer inquired into the area of action by the Mayor pursuant to Section 25 of the Charter, empowering his coordination of all departments.

Mr. Blanchard stated the Mayor had the power of vetoing the proposed measure.

Supervisor McAteer then asked, assuming the measure is not vetoed or is passed over the Mayor's veto, what effect would the measure have on the Mayor and on the several departments?

Mr. Blanchard replied that the adoption of the measure would set official policy except for those departments which operate in certain spheres under and pursuant to specific Charter authority, such as the City Planning Department and its sole power to adopt the Master Plan.

Supervisor McCarty stated he would reluctantly vote for the measure as amended, because it is a better measure than the one originally submitted by Supervisor Blake, further adding that he hoped the Highway Commission would consider two or three alternate routes.

Amendment.

Supervisor Dobbs moved as an amendment that the remaining portions of the Western Freeway Route, appearing on the map supplied by the State Division of Highways and not specifically de-

leted by the Board, be also deleted. Motion seconded by Supervisor Rolph.

The roll was thereupon called on the amendment and it *carried* by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McAteer, Rolph—8.

Noes: Supervisors McCarty, McMahan, Sullivan—3.

The roll was then called on the pending resolution, as amended, and it was *adopted* by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McAteer, Rolph—8.

Noes: Supervisors McCarty, McMahan, Sullivan—3.

Discussion.

The President inquired if public hearings were held on the matter. Mr. Paul Oppermann, Director of Planning, and Mr. Max Funke, Manager of the Recreation and Park Department, stated that public hearings had been held.

Supervisor McCarty: If we adopt this resolution and approve all of the sites, is it optional with us whether or not we want to tell the State Lands Commission what sites we prefer as priorities?

Mr. Oppermann: I am not quite certain of that because this is a matching fund program. Unless the City indicates its willingness to go along with the actions of the State Lands Commission, there will be no action on any aspect of this program. It is up to the Board of Supervisors to agree or not to agree to accept this program.

There being no objection, the Clerk read the proposed measure.

Supervisor McCarty confessed that he was unable to determine in his own mind as to just what priorities the Board is being asked to approve, and expressed the opinion that the power of designating priorities should be reserved in the Board of Supervisors.

Supervisor McCarty: What priority is contained in City Planning Commission Resolution No. 4575 dated June 14, 1956?

Mr. Oppermann: Resolution No. 4575 was adopted by the City Planning Commission after public hearing. The Board of Supervisors by resolution should make known its intention with respect to priorities.

Supervisor McCarty: Has the City Planning Commission set the Marina as a top priority project?

Mr. Oppermann: Yes, it has, but this particular priority should have been done by separate motion.

Supervisor McCarty: Insofar as I am concerned, and I have stated my position any number of times, I am in favor of developing the Marina as a small crafts harbor. If this is what the resolution is doing, I am in favor of it, but I suggest we study the matter closely as I am afraid other groups will complain about the status of their particular projects.

Supervisor McAteer: Am I correct in saying that if these sites are placed in the Master Plan, the state will have to come back to us and ask us which of them we want to develop as No. 1, No. 2, No. 3 or No. 4?

Mr. Oppermann: That is correct. The city has the right to apply priority status to any one.

Supervisor Blake: I would like to see the number of projects reduced. We should fight for two or three or four but certainly not for eight. I will go along with this today, but I do not think it is good planning.

President Ferdon: Has the City Planning Commission sent notices of the public hearing to the Marina District interests?

Mr. Oppermann: Yes, Mr. Supervisor. They did not appear at the public hearing, although representatives of that group were in talking to the staff. They were aware of the public hearing called.

The President asked a similar question of Supervisor Rolph, Chairman of the Public Buildings, Lands and City Planning Committee.

Supervisor Rolph: We did have public hearings on this matter. On the subject of notices, I would have no idea but I assume the matter was heard before the City Planning Commission and Recreation and Park Commission.

President Ferdon stated he would go along on the assumption that the Marina District people had been contacted.

Mr. Oppermann informed the Board that a public hearing notice, pursuant to charter provisions, has been published.

Supervisor McAteer asked Mr. Max Funke if a public hearing had been held.

Mr. Funke replied that appropriate publicity had been given the public hearing and that he had every reason to believe that the Marina group were aware of the hearing.

There being no objection, consideration of the foregoing measure *was temporarily postponed pending an opinion from Deputy City Attorney Bernard Ward on the right of the Board to adopt the pending measure.*

UNFINISHED BUSINESS.

Final Passage.

City Officials Rebuked.

Supervisor McAteer took to task Director of Public Works Sherman P. Duckel, City Engineer Reuben H. Owens and Director of Planning Paul Oppermann for alleged flippant remarks as reported in the local press, in their technical conference held on Friday, July 6, concerning the results of the Streets Committee hearing held during that week to consider the Mayor's veto of the adopted resolution expressing opposition to the construction of the proposed Western Freeway.

Supervisor McAteer asked Mr. Thomas A. Brooks, Chief Administrative Officer, to admonish Messrs. Duckel and Owens specifically. Mr. Brooks replied that he would not countenance criticism of the Board of Supervisors or its members by his subordinates but that he first preferred to hear Messrs. Duckel's and Owens' side of the story, both of whom denied the statements attributed to them.

Mr. Paul Oppermann, Director of Planning, admitted that some humorous "horseplay" did take place during the technical conference but that no derogatory remarks were made about Supervisor McAteer. He did, however, apologize for a remark attributed to him but emphasized that it was not intended to be derogatory in nature.

Supervisor Sullivan informed the Board that action had been taken to dissolve Joint Highway District No. 10, and transfer its assets and liabilities to the state.

Allocation of Funds Derived From Sale of City-owned Homes Located on Portola Drive and on Market Street.

Supervisor McAteer asked Mr. Philip Rezos, Director of Property, several questions regarding the number of homes involved on Portola Drive and on Market Street which required purchase by the City and County for the Market Street-Portola Drive widening, and where the money which the City and County would receive from the ultimate sale of these homes would be allocated.

It developed that 80 homes were located on Portola Drive and 32 on Market Street; that these homes brought a price anywhere from \$500 to \$3,000.

Supervisor McAteer, basing his assumption that each home brought the City the sum of \$500, then asked Mr. Rezos if the total sum of \$56,000 which would be realized by the City selling the entire 112 homes at the \$500 price, would be deposited in the fund from which monies were taken to purchase these homes in the first place. Mr. Rezos replied in the affirmative.

Information Requested by Supervisor McAteer Concerning Use of Funds to Meet Deficit in Connection With the Construction of the Civic Center Plaza Exhibit Hall.

Supervisor McAteer directed the following questions to the Chief Administrative Officer and requested that a reply to them be forthcoming as soon as possible:

(a) Will any street project which was in contemplation when the Street Improvement Bond Issue was approved be adversely affected by the reallocation of funds from those particular street projects to the Exhibit Hall account?

(b) Does the figure of \$633,121 represent the actual cost of constructing the Exhibit Hall Ramp, or has it been arrived at, partially at least, by estimating the deficiency in the Exhibit Hall Bond Issue?

(c) Does the figure of \$105,520 contained in the total of \$633,121, estimated for engineering and architectural fees on the ramp alone, represent a bona fide estimate of such fees?

(d) Assuming that the proposal for additional funds contemplates \$71,486 from Sewer Bond moneys in order to complete sewer work necessary in connection with the Exhibit Hall, does such estimate cover substantially the sewer work required or has it been evolved partially for the purpose of furnishing additional funds needed to complete the Exhibit Hall project?

Supervisor McAteer pointed out that he was concerned principally with ascertaining the existence of any plans which would deny to any section of San Francisco those street and sewer improvements for which the people voted bond funds, in order to make up a deficiency in another account, i.e., the Exhibit Hall project, but he did make it clear that he was in favor of expediting completing of the Exhibit Hall by all proper and legal means.

No objection and the Clerk was directed to transmit the foregoing queries to the Chief Administrative Officer for response.

File No. 14805, Ordinance No. (Series of 1939).

Supervisor Dobbs moved passage for second reading. Motion seconded by Supervisor Sullivan.

Statements by Members of the Board.

Supervisor Dobbs, Chairman of the Finance Committee, outlined events leading to the introduction of the subject measure, its study by the Finance Committee and consideration by the Board. He

pointed out that the cost of government had been rising year after year; the salaries and compensations of officers and employees had been steadily mounting; cost of materials and supplies had been on the upgrade and that the Finance Committee had been advised by the Controller that unless additional sources of revenue could be found, the ad valorem taxpayer's bill next November would be raised somewhere in the neighborhood of 50 and 70 cents. He stated that many of the larger counties of the state had already increased their sales tax to one per cent and it wouldn't be long before the increase became general. The tax is not one against the small wage earner as contended by Labor but rather a tax on all. The Supervisor also pointed out that the November 4, 1956, election would provide an opportunity for the electorate to vote on two bond issues affecting the airport and the school system but should the pending measure not pass and it becomes necessary for the ad valorem taxpayer to be assessed an increase of between 50 and 70 cents, it would be doubtful whether either bond issue would obtain the required number of votes for approval.

Supervisor Dobbs also mentioned that the Civil Service Commission would be conducting another salary standardization survey this year with its possibly attendant recommendations for increases in compensation and should the pending measure not be approved, the electorate, very likely, would frown upon any recommendations which the Civil Service Commission might make.

Supervisor McCarty stated he could hardly quarrel with a majority of the statements made by Supervisor Dobbs, but he contended that the money problem should be solved by methods other than the levying of an additional sales tax; further, the proposed increase would seriously affect the small wage earners, and expressed the opinion that the measure should be considered at a time when the full Board was in attendance.

Supervisor Casey stated he strenuously objected to being pressured into voting for such a measure at this time when three members of the Board were absent. He also contended that such a proposal, if enacted into law, would hurt the small wage earner the most. He thereupon moved as a substitute, that a committee be appointed of outstanding people of the community to study the over-all tax picture.

The Chair ruled the substitute motion out of order at this time.

Supervisor Ertola declared that the proposed sales tax would be paid by all the people who purchase goods in San Francisco. He expressed the opinion that some of the larger counties already have such a tax in effect and that it wouldn't be long before all of the California counties would enact such a tax law, and that he did not believe that any one group would be seriously affected.

Supervisor Blake stated he had received a tremendous amount of mail; he has consistently attempted to keep the cost of government in hand and hoped that the Mayor and the various department heads would adopt an economy-minded attitude, and that it will be possible to make a re-evaluation of departmental projects.

Supervisor Blake then asked for a breakdown of the various costs of government. Controller Ross did not have the figures at hand but mentioned that Supervisor Dobbs possessed them, whereupon the Supervisor read several of the amounts required by various city departments and by the San Francisco Unified School District, over some of which the Board of Supervisors had no jurisdiction.

Supervisor Blake thereupon declared that in view of his statement and the information received from Supervisor Dobbs, he had no alternative but to vote for the increase in the sales tax.

The roll was thereupon called and the pending measure was *passed for second reading* by the following vote:

Ayes: Supervisors Blake, Dobbs, Ertola, Halley, Rolph Sullivan—6.

Noes: Supervisors Casey, McCarty—2.

Absent: Supervisors Ferdon, McAteer, McMahan—3.

**Consideration of Legislation Out of Order.
Suspension of Rules.**

Supervisor McAteer moved, seconded by Supervisor McCarty, that the rules be suspended for the purpose of considering the following recommendations of the Judiciary Committee out of order.

No objection and motion *carried*.

Ordered Submitted.

Charter Amendment, Sections 125, 144 and 151.3, Relating to Residence Requirements, Wages and Hours of Employment of Platform Men and Coach or Bus Operators on the Municipal Railway.

File No. 13945-5

August 20, 1956—Consideration continued to September 4, 1956.

Supervisor McAteer reviewed the history of the pending proposal calling for a five-day work week for Municipal Railway platform men. He likewise referred to certain amendments to the measure advanced by the San Francisco Municipal Conference with the endorsement of the Mayor and inquired why his committee or a member thereof was not invited to sit in on the discussions.

Mayor Christopher expressed the opinion that Charter amendments, in order to be reasonably assured of approval by the electorate, should have the unanimous endorsement of all segments of labor and industry. He mentioned that last week he learned that the Municipal Conference intended to study the pending measure in closed session and he told that organization that he was hopeful they would approve it. He asked to attend its meeting and was extended an invitation. Several points were brought up and some of these the Conference decided they would defer until a later date. However, the Conference would recommend approval of the pending measure provided it was amended to reflect their recommendations which are now before the Board. Further, the Mayor pointed out he had contacted representatives of labor and was assured they would not object to the proposed amendments advanced by the Municipal Conference. The Mayor concluded by saying that he hoped the Board would not reject the amendments of the Municipal Conference because he believed that irreparable harm would be done the platform men by such rejection.

Privilege of the Floor.

The privilege of the floor was extended to the following labor representatives:

George W. Johns, Secretary, San Francisco Labor Council;

Mr. Mann, Carmen's Union, C.I.O.

Supervisor McCarty warned the Board not to lose sight of the fact that the basic objective of the proposed Charter amendment was the 40-hour work week, and thereupon moved the following amendments:

On page 3 of the proposed amendment strike the proposed new sentence, which is the second sentence of Section 144 in the draft before you, and substitute therefor the following:

“Provided, however, applicants for positions as motorman, conductor or bus operator on the municipal railway need not be residents of the city and county at the time of application, examination or appointment, but must become residents within the meaning of section 7 within a reasonable time, not to exceed six months, after completion of the probationary period provided in section 148.”

On page 5 of the proposed amendment, in the fourth line strike the figure 400,000 and substitute therefor the figure 500,000.

On page 6 of the proposed amendment, strike the paragraphs beginning with the words "*The public utilities commission*" and "*Platform men.*"

Motion seconded by Supervisor Sullivan.

Supervisor Casey strenuously objected to the tactics being employed to add further amendments to the recommendation of the Judiciary Committee.

Mr. Arthur Wilkins, representing the Municipal Conference, stated he believed that the recommendations of his Conference would be acceptable to practically all of the groups comprising his organization.

Both George Johns of the San Francisco Labor Council and Mr. Mann of the CIO Carmen's Union, expressed the belief that their respective organizations would approve of the revised Charter amendment.

Supervisor Rolph stated that he believed labor was paying a rather stiff price; but on the other hand, if the Board rejected the amendments offered by the Municipal Conference, the required unity so essential for approval of the measure at the polls would not be forthcoming. He, accordingly, would vote for the proposed amendments.

The roll was thereupon called on the proposed amendments and they *carried* by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, McCarty, Rolph, Sullivan—7.

Noes: Supervisors Ferdon, Halley, McAteer—3.

Absent: Supervisor McMahan—1.

The roll was then called on the measure, as amended, and it was *ordered submitted* by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McAteer, McCarty, Rolph, Sullivan—10.

Absent: Supervisor McMahan—1.

Ordered Submitted.

Amending Section 35.8 of the Charter, to Authorize an Increase in the Contingent Fund of the Chief of Police from \$10,000 to an Amount Not in Excess of \$25,000.

File No. 13093-1

August 20, 1956—Consideration continued to September 4, 1956.

Ordered Submitted by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McAteer, McCarty, Rolph, Sullivan—10.

File No. 14805, Ordinance No. 9867 (Series of 1939)..

Discussion.

Supervisor Casey pointed out that he had been informed that certain organizations had not been accorded the opportunity of discussing the pending measure while in committee, and quoted a letter received from William Peck, blind concessionaire who operates in the City Hall, in which request was made that the blind be exempt from such sales tax increase.

Supervisor Casey thereupon moved, seconded by Supervisor McAteer, that the pending measure be re-referred to the Finance Committee for further hearing.

Supervisor Dobbs restated his position, declaring that the sales tax was one which would affect everyone. The Board members must be practical and face the fact that the cost of government is constantly on the increase, and that unless this method of raising additional revenue is approved, the ad valorem taxpayers would be faced with an additional 60 to 70 cents increase in the tax rate. Supervisor Dobbs further warned that if the pending measure is not approved, there was serious doubt in his mind as to the approval by the electorate at the November election of the school and airport bond issues and the various other measures which would entail additional costs to the city.

The roll was thereupon called on the pending motion and it *lost* by the following vote:

Ayes: Supervisors Casey, McAteer, McCarty—3.

Noes: Supervisors Blake, Dobbs, Ertola, Ferdon, Halley, Rolph, Sullivan—7.

Absent: Supervisor McMahan—1.

The roll was then called on the pending measure and it was *finally passed* by the following vote:

Ayes: Supervisors Blake, Dobbs, Ertola, Ferdon, Halley, Rolph, Sullivan—7.

Noes: Supervisors Casey, McAteer, McCarty—3.

Absent: Supervisor McMahan—1.

File No. 14417

Supervisor McAteer gave a brief explanation.

Supervisor Dobbs stated he disliked voting against the measure but he felt that if approved, other groups would seek similar benefits.

Supervisor Ferdon expressed the opinion that if the Board intended to confer such benefits as the measure proposed, such benefits should apply to all employees and not just to those covered by the legislation.

Amendment—Lost.

Supervisor Dobbs moved, seconded by Supervisor Ferdon, that language in the measure which would grant full retirement allowances to survivors of members of the Retirement System who had retired for industrial disability, instead of the one-half allowance now in effect, be deleted.

File No. 13704-4

Supervisor McAteer gave an explanation of the pending measure, pointing out that the \$25 increase in pension would affect some employees now retired and getting around \$475 per month.

Supervisor Dobbs ventured the opinion that the Board should determine policy as to the range beyond which such retirement benefits should not go.

Supervisor McCarty stated he would vote for the proposed Charter amendment and that he thought Supervisor Dobbs' suggestion was a good one. He further added that cases should be considered on their individual needs and that he did not approve of recommending increases for those getting around \$475 per month unless the entire economic picture changed drastically.

The roll was thereupon called and the pending measure was *ordered submitted* by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McAteer, McCarty, Rolph, Sullivan—10.

Supervisor Blake asked that representatives of the Redevelopment Agency as well as the City Planning Commission appear before the proper committee of the Board for the purpose of informing the members thereof as to the present and future status of the area in question, as well as future plans for the redevelopment of other blight-designated areas.

Referred to the Public Buildings, Lands and City Planning Committee.

Proposing Construction of New Federal Office Building at Fort Mason.

Supervisor Blake suggested, through means of a memorandum, that consideration be given by the proper committee to the advisability of having the Federal Government construct its proposed new office building in the Fort Mason area, thus obviating the necessity of removing additional valuable lands from the city's tax rolls.

The President called the Board's attention to the fact that it had, during 1955, adopted a resolution calling upon the Federal Government to construct its proposed new federal office building in the Civic Center area.

The matter was referred to the Public Buildings, Lands and City Planning Committee.

Reference to Joint Police and Public Utilities Committee.

Supervisor McCarty presented a communication from John Martin, Jr., President, Public Utilities Commission, relative to the taxi situation at the San Francisco International Airport.

Referred to Joint Police and Public Utilities Committee.

Request for Legal Opinion.

Supervisor McCarty outlined the historical background of the bond proposal for the construction of a major league baseball park, and the premises upon which the bond issue was presented to the people. He stated that he was now convinced that if San Francisco was to be granted a major league franchise it must have a stadium constructed and ready for use prior to the opening of the big league season.

Supervisor McCarty requested that the Clerk be directed to forward a communication to the City Attorney asking that he advise the Board as to what way, without breaching the premises upon which the Board advanced the bond issue for the construction of a major league baseball park, the Board could eliminate the conditions it had made by resolution; and that the Board does not want to be told that it should rescind the resolution because it believes that that would be a breach of faith with the voters.

No objection and request granted.

Supervisor McCarty continued that it was his opinion that the Board could place a matter on the ballot asking whether or not the Board should go ahead forthwith with the construction of the stadium. If such a proposal was approved by a two-thirds vote steps could be taken to proceed with the construction of the stadium without breaching the faith with the voters. If a favorable opinion is received from the City Attorney the Board could authorize that the matter be submitted to the voters at the next election held in San Francisco.

Announcement of Committee Meeting.

Supervisor Rolph announced a meeting of the Public Buildings, Lands and City Planning Committee, Wednesday, September 19th, 1:30 p. m., for the purpose of considering the Zoning Ordinance, and for Wednesday, September 26th, 1:30 p. m., for the purpose of considering the so-called Silver Terrace Property Exchange.

Privilege of the Floor.

After the Chair announced that the proponents and the opponents each had the privilege of requesting a postponement of one week due to the absence of one member of the Board, the measure requiring nine votes for passage, and no request for such postponement being made, the privilege of the floor was extended to Mr. Vernon Anderson, Superintendent of Traffic, representing the Manager of the Municipal Railway, who explained the reasons motivating the Public Utilities Commission's desire to abandon service on a portion of the No. 72 Bus Line, and provide a substitute route.

The Chair announced that the Committee would now hear the proponents, and accordingly the privilege of the floor was extended to the following:

Mr. Fred R. Winn, 151 Lake Shore Drive, President, Country Club Acres Home Owners, Inc.;

Mr. Hermen H. Beneke, representing West of Twin Peaks Council;

Mr. James Higgins, 427 Lake Shore Drive, representing Lake Shore Improvement Club.

There after, the following opponents of the route change were accorded the privilege of the floor:

Mr. Frank Nager, Vice-President and delegate. Parkside District Improvement Club;

Mr. Frank Baldwin, who presented for the record a petition opposing abandonment.

The President announced that the matter was now in the hands of the Board. After responses were made by Mr. Anderson to queries from several Supervisors, Supervisor Sullivan moved, seconded by Supervisor Halley, that the pending measure be adopted for the purpose of bringing the matter before the Board for formal action.

No objection and motion *carried*.

Reconvening as Board—Explanation of Voting Procedure.

The President explained that an "Aye" vote would disapprove the abandonment and discontinuance of service and the substitute route on portions of the stated bus line and override the proposed action of the public Utilities Commission; a "No" vote would approve the proposed abandonment and the substitute route and would sustain the proposed action of the Public Utilities Commission. Nine "Aye" votes would be required to disapprove the abandonment.

Comments Re Obstruction of Streets by Southern Pacific Railroad Company Cars.

Supervisor McAteer informed the Board that the proposed ordinance prohibiting railway cars from obstructing the public streets to the detriment of motorists had been tabled in the Police Committee and expressed the hope that the committee would reconsider the matter.

The Supervisor presented reports showing that there has been no substantial change insofar as obstruction of streets was concerned even though the Southern Pacific Company had declared its intention to cooperate fully in the matter. He also expressed the opinion that the railway company had been given every opportunity to rectify this deplorable situation and that the only positive way to alleviate the condition would be for the Police Committee to recommend passage of the measure which, at the present time, has assumed an inactive status in committee.

Supervisor Casey stated he would have the measure placed on the calendar for the next meeting of the Police Committee to be held subsequent to October 2d.

ADJOURNMENT.

There being no further business, the Board, at the hour of 3:45 p. m., adjourned.

Announcement of Committee Meeting.

Supervisor Ertola announced a meeting of the Public Health and Welfare Committee for Wednesday, October 10th, 2:00 p. m.

Suggestion That Bid Estimates on City Jobs Be Kept Strictly Confidential.

Supervisor McAteer told the Board that it had come to his attention that city estimates on jobs on which bids are subsequently called for have been made available for scrutiny by prospective contractors,

and expressed the opinion that such estimates should be kept as confidential as possible.

Mr. Lloyd Whaley of the Engineering Division of the Department of Public Works, when called upon to comment on the statement by Supervisor McAteer, stated that over the years the city policy in this matter has varied from one extreme to the other, from that of permitting contractors to see the estimates to that of complete secrecy.

Supervisor McAteer thereupon requested the Chief Administrative Officer to consider the advisability of issuing directives to his subordinates which would preclude the possibility of any contractor checking city bid estimates prior to opening of bids submitted for city jobs.

Mr. Thomas A. Brooks, the Chief Administrative Officer, stated he would consider the issuance of such orders.

ADJOURNMENT.

There being no further business, the Board, at the hour of 2:55 p. m., adjourned.

JOHN R. McGRATH, Clerk.

Approved by the Board of Supervisors October 29, 1956.

I, John R. McGrath, Clerk of the Board of Supervisors of the City and County of San Francisco, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date hereon stated and approved as recited.

Communication.

The Clerk presented a communication from the Superintendent of Schools setting forth the policy of the Board of Education in connection with the acquisition of property for Project No. 53.

Referred to Finance Committee.

Discussion.

Supervisor McCarty explained that the Finance Committee had been informed that when the Board of Education purchases property for a school it does not necessarily mean that funds are available for the construction, and that Project No. 53 is not included in the 1956 bond issue. Also, that the Finance Committee is opposed to the policy of purchasing property for schools that might or might not be needed in the distant future.

Supervisor McCarty, seconded by Supervisor Sullivan, moved that the measure be re-referred to Finance Committee, in order that it might be considered in conjunction with the Committee's inquiry into the over-all status of the school construction program.

Supervisor McMahon requested that information be secured as to what property, if any, has been purchased by the Board of Education for Project No. 53.

No objection and *Clerk directed to secure information.*

Discussion of Problem Whereby Owners of Parking Establishments Compel Customers to Purchase Other Services as a Condition of Transient Rental of Parking Space.

Supervisor McAteer made inquiry of Deputy City Attorney Thomas Blanchard whether it remains within the province of the Police Department to control such parking establishments where, as a condition for parking space, the customer is obligated to contract for other services, such as gas, oil, lubrication and the like.

Supervisor McAteer mentioned that City Attorney's Opinion No. 810 dated March 24, 1954, ruled that the operators of parking establishments who compelled the purchase of other services, as a condition of parking space, should post a list to that effect in a conspicuous place in such parking establishments. Supervisor McAteer then asked Deputy City Attorney Thomas Blanchard if the Police Department could enforce the posting of such a list.

Mr. Blanchard replied to the effect that the Police Department should first apprise all of the operators of the necessity of posting such a list and in event of complaints, they should be referred to the Police Department for action.

No further discussion was had on the foregoing subject, nor was any action taken by the Board.

Discussion Re Advisability of Appropriating Funds for Survey of All Proposed Freeways in San Francisco.

Supervisor McCarty started his discussion on the subject of freeways by mentioning that two proposed appropriations had been requested, one, in the sum of \$40,000 for a resurvey of the Western Addition and the second an appropriation for \$100,000 for a resurvey of all the proposed freeways in San Francisco.

Supervisor McCarty noted that in conversations with Senator Collier of the Senate Interim Committee which met in the Board's Chambers last Friday, the Senator observed that plans promulgated ten years ago should certainly deserve another look.

The Senator voiced the opinion that the following procedure should obtain: An over-all survey should be conducted to determine if freeways are needed, where they are needed, whether to be elevated or submerged, and their beautification. Then, when the picture has been clarified and a definite program adopted, it should be transmitted to the State Division of Highways which will then meet with the Senate Interim Committee. Should complications or problems arise, a compromise undoubtedly could be worked out.

Supervisor McCarty expressed the hope that the Mayor would reconsider his previous position of objecting to the appropriation of funds for an over-all freeway survey. He suggested that the Department of Public Works meet with the Finance Committee, and the

Mayor, in turn, appoint a Citizens' Committee for the purpose of formulating a freeway beautification program.

Supervisor McCarty concluded his remarks by reiterating: "I hope the Mayor will appoint such a committee and I hope the President of this Board will ask a committee of this Board to consider this matter; to act together with the Department of Public Works and the City Planning Commission for the purpose of effectuating a permanent over-all freeway picture. I hope the Mayor will appoint a committee for the purpose of beautification so that we may reach full agreement on the freeway program for the City and County of San Francisco."

Supervisor Halley expressed the view that, except for the closing of contiguous streets, the City and County of San Francisco has no jurisdiction with respect to the construction of freeways, since that is a function of the state.

No Board action taken.

ADJOURNMENT.

There being no further business, the Board, at the hour of 3:55 p. m., adjourned.

Re-reference to Committee.

The following recommendations of Streets Committee were taken up:

Adopting Southern Freeway Route from James Lick Memorial Freeway in the Vicinity of Silver Avenue to Tennessee Street in the Vicinity of Twenty-third Street.

File No. 12433-2, Resolution No. (Series of 1939).

Discussion.

It developed that the Streets Committee had not notified those persons in the area whose homes would be affected, and the President remarked that such people should have been notified.

Supervisor McAteer told the Board that extensive hearings had been conducted by the Department of Public Works and that improvement clubs and interested parties had been notified.

Motion to Re-refer.

Supervisor McMahan moved that the matter be re-referred to committee and that all parties interested be invited to attend said hearing. Motion seconded by Supervisor Dobbs.

Supervisor McCarty expressed the opinion that the Board should not approve any freeway route until all persons involved have been accorded an opportunity of being heard in committee, and shown on an appropriate map of the route which it is proposed the freeway will traverse.

Supervisor Sullivan also stated he believed all interested parties should be heard in committee.

The roll was thereupon called on the motion to re-refer and it lost by the following vote:

Ayes: Supervisors Casey, Dobbs, McCarty, McMahan, Sullivan—5.

Noes: Supervisors Blake, Ertola, Ferdon, Halley, McAteer—5.

Absent: Supervisor Rolph—1.

Privilege of the Floor.

There being no objection, the privilege of the floor was granted to the following interested parties:

Mrs. Emma Nelson, Mrs. E. Barbettini, Lou Jolly.

After the foregoing parties had been heard, the President again inquired if there were any other persons in the audience who desired to speak. No one responded.

In response to a query, Reuben Owens, City Engineer, stated that his department had held two hearings on the matter in the Board's Chambers, one hearing in the morning and one in the evening of the same day, after which the measure was referred to the Streets Committee for its consideration. Mr. Owens stated that all the interested improvement clubs were notified and notices posted in the area affected.

Lou Jolly, representing the improvement clubs in the area, said that his organization was protesting not the freeway route as proposed, but the method used in acquiring the necessary property.

Renewal of Motion to Re-refer.

Supervisor Dobbs renewed the motion heretofore defeated, that the pending measure be re-referred to committee for a full hearing. Motion seconded by Supervisor Sullivan.

Supervisor Halley explained that the freeway route involved did not constitute a large segment of the Southern Freeway, but rather a very small portion thereof.

The roll was thereupon called on the motion to re-refer and it carried by the following vote:

Ayes: Supervisors Casey, Dobbs, Ertola, McCarty, McMahan, Sullivan—6.

Noes: Supervisors Blake, Ferdon, Halley, McAteer—4.

Absent: Supervisor Rolph—1.

Requesting Study of Possible Increase in Fare Structure of the Municipal Railway.

Supervisor Halley called the Board's attention to the fact that approval by the electorate of the charter amendment establishing a forty-hour work week for Municipal Railway personnel would call for a substantial increase in the next tax rate and suggested that perhaps a study should be made of the Municipal Railway rate structure with a view of obtaining additional revenues to offset the increase in compensation. He suggested that the Manager of the Municipal Railway study the rate structure now being used by the Honolulu Transit Company so that possibly a recommendation may be made to the Board of Supervisors. Specific Honolulu rates mentioned were 20 cents for one ride or two rides for 30 cents, and children's fares 10 cents for one ride or 5 rides for 30 cents.

The matter was referred to the Manager of the Municipal Railway.

Supervisor Halley, Chairman of the County, State and National Affairs Committee, informed the Board that the State Legislation Committee had met on Thursday, November 15th, 2:00 p. m., in the Mayor's office and had considered and acted upon the following:

No. 1. Policy in re Hetch Hetchy. The committee had voted to declare the following as the official city policy with respect to the proposed Master Water Plan for California:

- (a) That no diversion from the Tuolumne River watershed be made. This would encroach upon vested rights of the City of San Francisco, the Modesto Irrigation District, the Turlock Irrigation District and the Waterford Irrigation District.
- (b) That San Francisco's service area be recognized as all of San Francisco and substantially those portions of San Mateo, Santa

Clara and Alameda Counties as shown on the attached map, for all supplemental domestic and urban use water and that service by the South Bay Aqueduct by the State within San Francisco's service area be limited to supplemental irrigation water.

- (c) That there will be no interference with the sanitary restrictions now imposed by the City and County of San Francisco on its watersheds.
- (d) The service area shown on the attached map represents a minimum area within which San Francisco can commit itself to serve at this time. There may be some deviations in the future. Also the designation of this service area does not preclude the possibility of serving water to communities along the route of the Hetch Hetchy.

File No. 15078

Ayes: Supervisors Dobbs, Ertola, Ferdon, Halley, McAteer, McMahon, Rolph, Sullivan—8.

Resumption of Consideration of Legislation Favoring Imposition of Import Quotas on Dried Figs and Fig Paste.

Consideration of the foregoing measure was temporarily postponed pending receipt by Supervisor McAteer of copies of legislation heretofore adopted by the Board regarding imposition of tariffs on imported wines. Supervisor McAteer perused the measure and stated he was satisfied, but ventured the thought that in matters affecting state and federal problems serious study should be given as to just what precise action the Board desired to take, pointing out that at the last election efforts were made to have the Board assert itself for and against Proposition No. 4.

Supervisor Casey stated he believed that in instances where state and federal legislation is involved, it would be wiser for the Board to adopt a hands-off attitude.

The roll was thereupon called and the pending measure was adopted by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McAteer, McCarty, McMahan, Sullivan—10.

Absent: Supervisor Rolph—1.

OFF-CALENDAR LEGISLATION.

The following recommendation of the Public Buildings, Lands and City Planning Committee was presented by Supervisor Dobbs:

Adopted.

Resolution Designating and Describing a Redevelopment Area Within the City and County of San Francisco as Defined in and Pursuant to the Community Redevelopment Law of California, to Be Known as Redevelopment Area D, and Rescinding Resolution No. 16277 (Series of 1939), Adopted December 27, 1955, and Resolution No. 13180 (Series of 1939), Adopted April 1, 1953.

File No. 13738-2, Resolution No. 17269 (Series of 1939).

Discussion.

Supervisor Halley expressed the hope that with the adoption of the foregoing measure, steps would be taken to so inform those firms located in the old designated area that they are now free to embark upon whatever improvement or expansion program they may have had in mind. The Supervisor also suggested that progress reports be submitted to the Board by both the Redevelopment Agency and the City Planning Commission affecting those areas which have already been designated as being blighted.

Supervisor McAteer called the Board's attention to the fact that it first designated the South of Market area under present study as a blighted area in 1953, and expressed the hope that the city agencies involved will not consume another three years before further action is taken to improve the neighborhood.

Mr. Paul Oppermann, Director of Planning, explained that the South of Market area in 1953 did not qualify for federal funds but since that time federal legislation has been enacted and he believed that the proposed project will receive federal assistance. He also believed that the merchants in the area will cooperate toward the desired end.

Supervisor McAteer asked if a map could not be produced specifically showing the area proposed to be designated as blighted. Mr. Paul Oppermann stated he would produce one.

Accordingly, there being no objection, consideration was temporarily postponed.

Adopted.

The following recommendation of his Honor the Mayor was presented by the Clerk:

Request for Opinion from the City Attorney Regarding Purchase of Insurance.

Requesting Department of Public Works to Study Report of Governors' Committee on Highway Safety.

Supervisor McAteer quoted figures from a newspaper clipping in which the Governors' Committee on Highway Safety predicted that a ten-year traffic toll would include 500,000 deaths and 16,000,000 injuries unless sweeping changes are made in state regulations and law enforcement. A report on the above, according to the press release, has been published by Connecticut Governor Abraham A. Ribicoff, Chairman of the Nine-Governor Committee.

Supervisor McAteer thereupon requested that the Department of Public Works be importuned to obtain a copy of the foregoing report so that its recommendations may be correlated with future freeway plans.

Providing Temporary Recreational Facilities in South of Market Area.

Supervisor McMahan noted that with the sale of the Father Crowley Playground to the State for freeway purposes, the children of that area have been deprived of a major recreational center. The Supervisor also noted that nothing in a construction sense will be done in that area for at least two years and expressed the hope that perhaps the Recreation and Park Department may be in a position to install temporary recreational facilities there.

Supervisor McMahan thereupon asked that this matter be referred to the Education, Parks and Recreation Committee for investigation and study.

Refused Adoption.

The Clerk thereupon read the following measure:

Disapproving Decision of the City Planning Commission by Its Resolution No. 4615, Denying Application to Rezone Property Located on the Easterly Line of Bartlett Street, North of the North Line of Twenty-third Street, from Second Residential District to Commercial District.

File No. 15045-2, Resolution No. (Series of 1939).

Supervisor Halley moved its adoption; seconded by Supervisor Ertola.

Discussion.

Supervisor Halley stated he was at a loss to understand how anyone could possibly desire to construct a residence in the area affected, which contained homes built before the turn of the century.

Supervisor McCarty expressed the opinion that the neighborhood was a nice residential area and while he has disagreed with the City Planning Commission in the past, he did not believe that the city agency should be overruled in this particular case.

Supervisor Rolph raised the question of the status of the Luther Burbank Junior High School in this area. Mr. Oppermann informed the Supervisor that the Board of Education had not definitely decided on the issue. The junior high school may be constructed in McLaren Park and, if so, the present site may be used by the Samuel Gompers Trade School.

Supervisor Blake stated he was surprised at the age of the buildings in the area. He stressed the importance of creating more business, which, in turn, would create more jobs. He would, therefore, vote to overrule the City Planning Commission.

Explanation.

The President explained the parliamentary situation as follows:

A vote "Aye" overrules the decision of the City Planning Commission and sustains the appeal; a vote "No" sustains the decision of the City Planning Commission and rejects the appeal.

The roll was thereupon called and the measure *lost* by the following vote:

Ayes: Supervisors Blake, Dobbs, Ertola, Halley, McMahan—5.

Noes: Supervisors Casey, Ferdon, McAteer, McCarty, Rolph, Sullivan—6.

City Planning Commission sustained.

This condition, Supervisor McAteer stressed, invited possible serious injury to one or more youngsters in the event that a particular play ended outside of the playing field. Further, the conclusion of the game witnessed attempts on the part of juveniles to obtain souvenirs from the visiting players, much to their annoyance and exasperation.

Supervisor McAteer requested that, over his signature, a letter be dispatched to the Recreation and Park Department suggesting that a plan be evolved whereby a wire barrier or some other adequate facility be installed which would preclude the youngsters from entering the playing field at any time.
